# Listening Session Overview

During the 2019 session of the Maryland General Assembly the legislature passed and Governor Hogan signed Senate Bill 856/House Bill 6062 establishing the Juvenile Justice Reform Council (JJRC or Council), which is to be staffed by the Department of Legislative Services. The JJRC is charged with:

1. using a data-driven approach to develop a statewide framework of policies to invest in strategies to increase public safety and reduce recidivism of youth offenders;
2. research best practices for the treatment of juveniles who are subject to the criminal and juvenile justice systems; and 3. identify and make recommendations to limit or otherwise mitigate risk factors that contribute to juvenile contact with the criminal and juvenile justice systems.

The JJRC will conduct listening sessions to seek input from representatives from organizations with experience in juvenile justice policy reform, advocating for groups with disproportionate contact with the criminal and juvenile justice system, advocating for victims of crime, and restorative justice regarding juvenile justice system. Working with the Local Management Boards the listening sessions will happen in all geographic regions of the state.

### Secretary Abed 's Opening Remarks

Thank you all for joining us. I'm Sam Abed, and I'm the Secretary of the Department of Juvenile Services. I also have the honor of chairing Maryland's Juvenile Justice Reform Council.

You've taken the time away from your busy lives to attend a listening session for the state's Juvenile Justice Reform Council, and for that we are very grateful.

What exactly is the Council?

- In 2019, the General Assembly passed and Gov. Hogan signed Senate Bill 856 / House Bill 606, which created the JJRC.
- The JJRC is comprised of a diverse group of juvenile justice stakeholders and experts. Members include legislators, experts on juvenile law and policy, and representatives of law enforcement, the judiciary, advocacy organizations, child serving agencies, and formerly system-involved youth.

And what does it do? The legislature asked us to do three things:

- using a data-driven approach to develop a statewide framework of policies to invest in strategies to increase public safety and reduce recidivism of youth offenders;
- researching best practices for the treatment of juveniles who are subject to the criminal and juvenile justice systems; and
- identifying and making recommendations to limit or otherwise mitigate risk factors that contribute to juvenile contact with the criminal and juvenile justice systems.

I'd also like to recognize those members of the General Assembly who have joined us.

In addition, a special thank you and welcome to (other elected officials/VIPs):

Now I am going to turn it over to \_\_\_\_\_ who is going to provide an overview of how tonight is going to work and how the information you provide will be shared with the council.

Overview of Meeting

Thank you to Sec. Abed

My name is \_\_\_\_\_ and I will be the facilitator for today's listening session. [Add a few sentences here about your background.]

The people joining me at the table are some members of the Juvenile Justice Reform Council and I would like them to introduce themselves by stating their name and title

The information gathered today will be used to help inform the council's policy recommendations. The council is legislatively mandated to produce a report final report in December of 2020. The themes captured from this session will be posted on the council website.

Additionally, we are recording this session and you can listen/view it on the council's website.

### Logistics

We've scheduled two hours for this session and will end no later than \_\_\_\_\_ [insert end time].

We look forward to hearing all your comments tonight, to ensure that everyone has an opportunity to provide input we are inviting you to complete a survey. On the screen behind me you will see the link to the five question survey. The results will be posted to the council website.

Many of you have signed up to speak we will be calling people up three at a time. Each person will have up to three minutes to share with us their comments. There will be a timer and I as that you be respectful of the time and stop when the timer goes off. I want to ensure that everyone who has signed up has an opportunity to speak. After the three people have shared I will call the next three people.

### Testimony

### Closing

That concludes the people who have signed up to testify.

We really appreciate you sharing your time and wisdom. Your comments, experiences and suggestions will be shared with the entire council. The themes identified from this meeting, a recording of these meeting, along with information from other listening sessions across the state on the council website. That information is on the screen behind me and also on your agendas.

Please make sure that you have completed the survey.

We wish you a safe journey home!
