(5) (i) Subject to subparagraph (ii) of this paragraph, after applying the risk adjustment factors under paragraph (3) of this subsection, a carrier may offer a discount not to exceed 20% to a small employer for participation in a wellness program.
   (ii) A discount offered under subparagraph (i) of this paragraph shall:
       1. be applied to reduce the rate otherwise payable by the small employer;
       2. be actuarially justified;
       3. be offered uniformly to all small employers; and
       4. be approved by the Commissioner.

(g) (1) A carrier may adjust the community rate for a health benefit plan that is a grandfathered health plan, as defined in § 1251 of the Affordable Care Act, for health status only if a small employer has not offered a health benefit plan issued under this subtitle to its employees in the 12 months prior to the initial enrollment of the small employer in the health benefit plan.

(2) Based on the adjustment allowed under paragraph (1) of this
subsection, in addition to the adjustments allowed under subsection (d)(1) of this section, a
carrier may charge:

1. in the first year of enrollment, a rate that is 10% above or
   below the community rate;
2. in the second year of enrollment, a rate that is 5% above
   or below the community rate; and
3. in the third year of enrollment, a rate that is 2% above or
   below the community rate.

(ii) A carrier may not make any adjustment for health status in the
community rate of a health benefit plan issued under this subtitle after the third year of
enrollment of a small employer in the health benefit plan.

(3) For a health benefit plan that is a grandfathered health plan, as defined
in § 1251 of the Affordable Care Act, a carrier may use health statements, in a
form approved by the Commissioner, and health screenings to establish an adjustment to the
community rate for health status as provided in this subsection.

(4) A carrier may not limit coverage offered by the carrier, or refuse to issue a health benefit plan to any small
employer that meets the requirements of this subtitle, based on a health status-related
factor.

(5) It is an unfair trade practice for a carrier knowingly to provide
coverage to a small employer that discriminates against an employee or applicant for
employment, based on the health status of the employee or applicant or a dependent of the
employee or applicant, with respect to participation in a health benefit plan sponsored by
the small employer.

(a) A carrier may not establish rules for eligibility of an individual to enroll under
a group health benefit plan based on any health status-related factor.

(b) Subsection (a) of this section does not:

(1) require a carrier to provide particular benefits other than those
    provided under the terms of the particular health benefit plan; or

(2) prevent a carrier from establishing limitations or restrictions on the
    amount, level, extent, or nature of the benefits or coverage for similarly situated individuals
    enrolled in the health benefit plan.
UNOFFICIAL COPY OF HOUSE BILL 697

(c) Rules for eligibility to enroll under a plan include rules defining any applicable waiting periods for enrollment.

(d) (A) A carrier shall allow an employee or dependent who is eligible, but not enrolled, for coverage under the terms of a group health benefit plan to enroll for coverage under the terms of the plan if:

1. the employee or dependent was covered under an employer-sponsored plan or group health benefit plan at the time coverage was previously offered to the employee or dependent;

2. the employee states in writing, at the time coverage was previously offered, that coverage under an employer-sponsored plan or group health benefit plan was the reason for declining enrollment, but only if the plan sponsor or issuer requires the statement and provides the employee with notice of the requirement;

3. the employee's or dependent's coverage described in item (1) of this subsection:
   
   (i) was under a COBRA continuation provision, and the coverage under that provision was exhausted; or

   (ii) was not under a COBRA continuation provision, and either the coverage was terminated as a result of loss of eligibility for the coverage, including loss of eligibility as a result of legal separation, divorce, death, termination of employment, or reduction in the number of hours of employment, or employer contributions towards the coverage were terminated; and

4. under the terms of the plan, the employee requests enrollment not later than 30 days after:

   (i) the date of exhaustion of coverage described in item (3)(i) of this subsection; or

   (ii) termination of coverage or termination of employer contributions described in item (3)(ii) of this subsection.

(e) (B) A carrier shall allow an employee or dependent who is eligible, but not enrolled, for coverage under the terms of a group health benefit plan to enroll for coverage under the terms of the plan if the employee or dependent requests enrollment within 30 days after the employee or dependent is determined to be eligible for coverage under the MCHP private option plan in accordance with § 15-301.1 of the Health - General Article.
