Index:

Child's Name (Age at Death) – Parent Responsible/Cause of Death. County, Month/Year of Murder.

*Children's names that **are highlighted in yellow** are cases with clearly reported system failure, where safety concerns were ignored, and where there was clear family court involvement prior to the death of a child (**102 Children in 83 Cases**). These are cases where (らりやわー—わを！ろや did in-depth reporting. Many other cases may have involved family court failures, but more research or reporting is needed to verify this.

No cases fitting our criteria have been discovered yet in Alaska, Nebraska, North Dakota, Rhode Island or Wyoming.

Note: In 28 cases highlighted in **pink**, the murderer was a child's aunt, uncle or a parent's partner or spouse who served as a parental or authority figure in the murdered child's life.
