TARA H. JACKSON, ACTING COUNTY EXECUTIVE
STEPHEN J. MCGIBBON, DIRECTOR OF FINANCE

December 31, 2024

The Honorable County Executive,
Members of the County Council, and
Citizens of Prince George's County, Maryland

Ladies and Gentlemen:

We are pleased to present the Annual Comprehensive Financial Report (ACFR) of Prince George's County (the County) for the fiscal year ended June 30, 2024 as required by local ordinances and state statutes. These ordinances and statutes stipulate that the County annually issue a report on its financial position and activity, and that this report be audited by an independent firm of certified public accountants. The public accounting firm of CliftonLarsonAllen, LLP was engaged to perform this task for fiscal year 2024. The auditor's report on the Basic Financial Statements and the combining and individual fund statements and schedules is included in the Financial Section of this report. The County is also required to undergo an annual single audit in conformity with the provisions above. Information related to the County's Uniform Grant Guidance Audit, including a Schedule of Expenditures of Federal Awards, the independent auditor's report on compliance with requirements applicable to each major program and internal control over compliance, and a Schedule of Findings and Questioned Costs will be included in a separately issued Single Audit Report.

Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with management. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a way that presents fairly the financial position and results of operations of the governmental and business-type activities, various funds, and component units of the County. All disclosures necessary to enable the reader to gain an understanding of the County's financial activities have been included.

Accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental activities require the County to provide a narrative introduction, overview, and analysis to accompany the Basic Financial Statements in the form of the Management's Discussion and Analysis (the MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The MD&A can be found immediately following the independent auditor's report behind the Financial Section tab.

PROFILE OF THE GOVERNMENT

Prince George's County, Maryland - a body corporate and politic - is a political subdivision of the State of Maryland, which operates under a "home rule" Charter adopted in November 1970. The powers of the County are contained in the Charter of Prince George's County, Maryland (the "Charter") and in the Constitution and laws of the State of Maryland. The Charter controls two branches of government. The executive branch enforces the laws and manages the business affairs of the County. It consists of a County Executive (elected by the qualified voters of the entire County) and all other officers, agents, and employees under the County Executive's supervision and authority, including the Chief Administrative Officer who is responsible for the day-to-day administration of the County. The legislative branch of the County consists of a County Council and its staff. The Council shall be composed of nine district members (elected by the qualified voters of each Councilmanic District) and two at-large members (elected by the qualified voters of the entire County). The Charter limits the County Executive and members of the Council to two consecutive four-year terms in office. Council members serving two consecutive terms as district members shall be eligible to run for an at-large seat on the Council and serve for no more than two consecutive terms as an at-large member. The judicial branch is independent and separate from the other branches of government and gets its authority from the Maryland Constitution. It is primarily comprised of the Court System and the State's Attorney's Office.

When Prince George's County was formed, it included all of that part of Maryland lying between the Potomac and Patuxent Rivers, extending from Mattawoman and Swanson Creeks on the south to the Pennsylvania line on the north, thus encompassing the area which today is comprised of the District of Columbia, Montgomery, Frederick, Washington, Allegany, and Garrett Counties, the northwest half of Carroll County, and that part of Charles County lying north of Mattawoman Creek. Named for Prince George of Denmark, husband of Princess Anne, heir to the throne of England, our County was founded in 1696. Between 1696 and 1800, Prince George's County was reduced to its present size by acts of Maryland's General Assembly.

Prince George's County is the second largest jurisdiction in the State of Maryland (and the third largest in the metropolitan Washington area) with a population of approximately 947,880 residents. It encompasses 483 square miles that borders Washington, D.C., Montgomery, Howard and Anne Arundel Counties and is 37 miles south of the City of Baltimore. Having a robust transportation system allows easy access to the region's national and international airports and to the Port of Baltimore. The County's centralized location and rich diversity are key attractions for businesses to locate their operations within the twenty-seven unique municipalities. The County has experienced tremendous growth over the past decade and has become a driving force for economic development in the metropolitan Washington region.

County residents enjoy a diversity of leisure options, including a park system encompassing over 29,000 acres of parkland and open space. Leisure facilities and services provided by the Maryland-National Capital Park and Planning Commission (the "M-NCPPC") include a sports and concert facility (Show Place Arena); a 10,000 seat AA Minor League Baseball stadium (Bowie Baysox); and community centers; recreational buildings; aquatic facilities; ice rinks; golf courses; an equestrian center; tennis courts; a performing arts and cultural center; and a gymnastic center. Other major recreational facilities include an 87,052-seat National Football League stadium (Northwest Stadium – Home of the Washington Commanders); an amusement park (Six Flags America) featuring rides, attractions and shows; a 240,000-square foot Olympic-quality recreational Sports and

Learning Complex, and National Harbor, home to MGM Casino, the Gaylord Resort and Convention Center, Tanger Outlets, and the Waterfront. In addition, recreational and cultural opportunities of the nation’s capital, Washington, D.C., are located just across the County line.

The County is home to six universities and colleges, including the flagship campus of the University System of Maryland. Prince George’s County has several major development projects currently under construction or expansion to include Cheverly Hospital Redevelopment, the Towne Square at Suitland Federal Center, Glenarden Hills, Addison Park Senior Residences, Aviation Landing, Hyattsville Justice Center, and the expansion of the University of Maryland Capital Region Health Center Campus.

THE REPORTING ENTITY AND ITS SERVICES

The financial reporting entity (the County) includes all the funds of the Primary Government (i.e., Prince George's County, Maryland as legally defined). It also includes Component Units for which the Primary Government is financially accountable. Discretely presented Component Units are reported in a separate column in the Basic Financial Statements Section to emphasize that they are legally separate from the Primary Government and to differentiate their financial position and results of operations from those of the Primary Government. The County's seven Component Units during this reporting period include the Board of Education of Prince George's County, Housing Authority of Prince George's County, Prince George's County Memorial Library System, Prince George's Community College, Prince George's Community Television Inc., Revenue Authority of Prince George’s County, and Redevelopment Authority of Prince George’s County.

The Washington Suburban Sanitary Commission (WSSC), the Maryland-National Capital Park and Planning Commission (M-NCPPC), the Washington Suburban Transit Commission (WSTC), and the Washington Metropolitan Area Transit Authority (WMATA) are joint ventures as disclosed in the accompanying notes to the financial statements. The Metropolitan Washington Council of Governments (COG) is reported as a jointly governed organization rather than a joint venture. The University of Maryland Capital Region Health and the Economic Development Corporation are deemed to be neither component units nor joint venture activities as such, and accordingly are excluded from this report.

The services provided by the Primary Government include police, homeland security, fire, and emergency services; health, family, and social services; public works and environmental service programs; and court and correctional services. The Primary Government also adopts and maintains building codes; regulates licenses and permits; collects taxes and revenue; maintains records; conducts elections; and collects, recycles, and disposes of refuse. Services provided by the component units and partially financed by the Primary Government include: elementary, secondary, and community college education; public and private building construction; community building projects; projects devoted wholly or partially for public use that will stimulate employment or economic growth; library services; planning services; parking facilities; public and private residential housing; and public access to cable television programming. Public transit, parks and recreational facilities, and water and sewer services are provided by various joint venture entities.

COUNTY PRIORITIES

Our Proud Priorities strategic initiative program represents the Administration’s approach to governing built on a fundamental understanding that data driven performance that inspires collaboration across public agencies also serves to accentuate the transparency demanded by our citizens and private sector partners. Though we see, with clear eyes, the pressures placed on a \$5 billion budget meant to serve approximately 1 million residents, we remain confident that our resolute approach of sound fiscal management paired with disciplined and purposeful decision making, will speak

volumes in defense of our AAA bond rating.

The six priority policy focus areas are 1) Education; (2) Safe Neighborhoods; (3) Economic Development; (4) Healthy Communities; (5) Quality of Life supported by High Performance Government; (6) Youth Development. There will be a focused effort by the County to continue building back from the impacts of the COVID-19 pandemic by modernizing service delivery in government, right-sizing our healthcare delivery infrastructure while prioritizing access to care, increasing technology utilization while securing the County’s cyber networks, executing on the second phase of our award-winning Blueprint Schools Program, and attracting and retaining a dynamic and experienced workforce. Added emphasis will be placed on eliminating violent crime, bolstering youth development efforts, preparing our infrastructure to deal with steadily intensifying impacts of climate change, improving access to procurement opportunities for our local community of qualified entrepreneurs of minority backgrounds, and ensuring the sustainability of these priorities.

The County’s Vision is: “To attract and retain the most experienced workforce who will use innovative technology to provide efficient, effective services to our citizens. We will collaborate with our stakeholders to develop solutions that are data-based and rely on best practices to address complex challenges within the county and the regions. We will have a world-class education system, safe communities and a robust economy that creates jobs and opportunities for all and increase the commercial tax base to ensure we can provide the services our residents deserve.”

The County’s Mission is: “Through internal and external partnerships and collaboration, we will enhance government services to ensure that we are meeting or exceeding the needs of our residents, visitors, and businesses. We will strategically implement initiatives within the six Policy Focus Areas critical to the long-term success of our county and demonstrating we are Prince George’s Proud.”

FACTORS AFFECTING FINANCIAL CONDITION

Economic Development is a core priority of Prince George’s County’s commitment to ensuring a high quality of life and securing the long-term viability of the County. The County has made notable progress since launching the Economic Development Incentive (EDI) Fund to assist the County in expanding its tax base, attracting businesses, retaining existing businesses, and growing job opportunities through loans, grants, and guarantees to businesses throughout the County. To date, the County has awarded \$48.1 million in EDI funding for 66 projects. This investment has created and attributed to 6,204 retained jobs and 8,295 created jobs for a total of 14,499 total full-time jobs, as of Q2 of 2024. Cumulatively, the EDI funding has leveraged over \$1.36 billion in total project investment in the County.

Contracting opportunities with government, research, technology, and defense industry anchors contribute to a growing economy. The federal government and the County’s mixed commercial base cushion the impact of economic downturns. There are sixteen federal agencies, mostly with research-focused activities, within the County. These agencies attract technology companies as partners/contractors for their operations. The NASA Goddard Space Flight Center, the USDA Beltsville Agricultural Research Center, the USDA Animal and Plant Health Inspection Service, the Army Research Laboratory, the Institute for Defense Analysis, the Internal Revenue Service, the Bureau of Economic Analysis, and the U.S. Census Bureau Supercomputer Center support the local technology business base. The University of Maryland, located in College Park, is a global leader in research, entrepreneurship, and innovation. The University is home to more than 50,000 students, 14,000 faculty and staff, and 300 academic programs. The University of Maryland Capital Region Medical Center which opened in June 2021, is the first teaching hospital in Southern Maryland and has created more than 4,000 jobs.

The average unemployment rate for the County decreased to 2.6% for fiscal year 2024 from 2.9% for fiscal year 2023.

The County’s per capita personal income for calendar year 2023 was \$57,096 compared to \$52,756 in calendar year 2022; an increase of 8%. The labor force in fiscal year 2024 was 500,481 compared to 497,930 in fiscal year 2023; an increase of 1%.

The County’s median home sales price of \$454,000 for fiscal year 2024 was 6% higher than in fiscal year 2023. Median sales prices have steadily increased since 2019.

LOCAL ECONOMY

County revenue sources such as taxes, fees, licenses and permits, service charges, use of money and property, etc. are used to fund the majority of government programs and services. The local economy continued to process the impact of higher interest rates and a limited housing supply, increasing the cost of living in FY2024. Real property taxes represent the largest portion of County source funding for government operations, increasing in FY2024 by 6.41% over FY2023. Local income tax is another large revenue source for the County. Income tax collections along with the State Income Disparity Grant increased in FY2024 by 13.47% over FY2023. Transfer and recordation taxes usually carry strong correlation between the revenue collected and local housing market activity. The County’s Transfer and Recordation tax receipts decreased 14.4% relative to FY23. Licenses and permit fee revenue experienced a 10.82% decrease in FY24.

However, positive signals remain in the local economy. In FY2024, Hotel/Motel Taxes (\$9.3 million) grew by 6.5% over FY2023 based on increased travel. Municipalities receive 50% of the revenue received from hotels located within their corporate limits.

Prince George’s County provides three tax abatement programs to encourage economic development: the Enterprise Zone Tax Abatement Program, the Payment in Lieu of Taxes Tax Abatement Program, and the Admissions and Amusement Tax Abatement Program. The purpose of these programs is to attract new business and encourage the expansion of existing businesses in economically distressed areas, provide tax relief for low-income individuals, and encourage businesses to invest in the local business community.

LONG-TERM FINANCIAL PLANNING

The County implements its long-range financial planning policies using two methods – (1) The legislative approval of its six-year capital improvement program (CIP) budget, and (2) internal financial forecasting and modeling. These practices are essential to plan for potential liabilities early and allocate resources accordingly. This ensures that County policies and/or decisions do not lead to unexpected financial burdens and measures the fiscal impact of present-day decisions on long-term outcomes, thus maintaining long-term financial sustainability.

FINANCIAL POLICIES

The County maintains an extensive budgetary control system. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the County Council. Budgetary control in the General Fund is maintained at the department/agency level and at the fund level for all other funds. No County liability shall be incurred or contracted by any department, agency, or employee, and no bill or invoice shall be approved or paid, unless authorized by the Council budget adoption or specific appropriation to cover payment out of public funds. Any person willfully violating this provision shall be deemed responsible for the contract, debt, or expenditure. Any Department Head allowing such actions is subject to disciplinary action by the Council.

The County Executive is authorized to transfer budget amounts up to \$250,000 within any department or fund; however, the County Council must approve any revisions that alter the total budgeted expenditures of any department or fund or transfer in excess of \$250,000. No agency of the Primary Government shall expend, or contract to expend, more than the amounts appropriated in the budget for each fiscal year. The Component Units may transfer budget appropriations within certain limits, but generally may not alter total appropriations without a budget amendment by the County Council.

The County has implemented a system of performance measurements to evaluate the efficiency and effectiveness of its initiatives and programs. Financial and program performance measures are tracked on a routine basis to measure and assess outcomes. The data is used to guide daily management decisions and to focus on operational policies.

Prince George's County, Maryland received AAA bond ratings from Moody's Investor Services Inc., Fitch Ratings, and S&P Global Ratings, despite continuing economic challenges due to the ups and downs in market conditions and having to operate under various tax rate constraints. This reflects the County's continued sound financial management, the ongoing and significant economic development occurring, and its extremely diverse local economy.

Management of the County is responsible for establishing and maintaining effective internal controls designed to ensure that the assets of the County are protected from loss, theft, or misuse, and to ensure that accurate accounting data are compiled to allow for the preparation of financial statements in conformity with GAAP. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management. As a recipient of federal, state, and local financial assistance, the County is also responsible for establishing and maintaining effective internal control over compliance with requirements, laws, and regulations applicable to these programs. The internal control structure is subject to periodic evaluation by management and the County's Office of Audits and Investigations.

The Primary Government maintains an Office of Audits and Investigations as required by Charter. The duties and responsibilities of this office include: annual financial audits of all agencies receiving or disbursing County funds; special audits of the accounts of any such agency upon request

by the Council or County Executive; special audits of the accounts maintained by various County officers upon their death, resignation, removal, or expiration of term; and performance audits of any agency which is a recipient of funds appropriated or approved by the Council.

As demonstrated by the statements and schedules included in the Financial Section of this report, the County continues to meet its responsibility for sound financial management.

AWARDS AND ACKNOWLEDGEMENTS

Certificate of Achievement for Excellence in Financial Reporting

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Prince George's County, Maryland for its annual comprehensive financial report for the fiscal year ended June 30, 2023. This was the 44th consecutive year (fiscal years ended 1980 – 2023) that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both GAAP and applicable legal requirements. A Certificate of Achievement is valid for a one-year period. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program’s requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

Acknowledgements

The County continues to maintain a strong financial position through responsible and progressive management of financial operations, and sound accounting and financial reporting practices. County leadership in the Executive and Legislative Branches of the Government have established a spirit of collaboration and a commitment to excellence. We would like to express our sincere appreciation to them along with the collective efforts and full cooperation of our Component Units and the finance and accounting managers within the County departments.

The preparation of this report could not have been accomplished without the commitment and dedication of the entire staff of the Office of Finance's Accounting Division. A list of individuals who helped ensure the success of this endeavor and deserve special recognition is provided below:

FINANCIAL SECTION

This section contains the Independent Auditors' Report, Management's Discussion and Analysis (MD&A), the Basic Financial Statements, Required Supplementary Information, and the Combining and Individual Fund Statements and Schedules.

INDEPENDENT AUDITORS' REPORT

The Honorable County Council Prince George's County, Maryland

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Prince George's County, Maryland (the County), as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of June 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof and the budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the Prince George's Community College, Prince George's County Memorial Library System, Prince George's Community Television, Inc. and the Revenue Authority of Prince George's County, which represent 14 percent and 9 percent, respectively of the assets and deferred outflows and revenues of the aggregate discretely presented component units as of June 30, 2024 and the respective changes in financial position for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Prince George's Community College, Prince George's County Memorial Library System, Prince George's Community Television, Inc. and the Revenue Authority of Prince George's County, is based solely on the report of the other auditors.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

The financial statements of Prince George's Community Television and Prince George's Community College were not audited in accordance with *Government Auditing Standards*.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.
- We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of changes in net postemployment benefits liability and related ratios, the schedule of changes in net pension and pension liabilities and related ratios, the schedule of proportionate share of the net pension liability, schedule of changes in pension liability – LOSAP, and the schedule of county contributions as listed in the accompanying table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining and individual fund statements and schedules as noted on the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 31, 2024, on our consideration of the County's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND
ANALYSIS**

PRINCE GEORGE'S COUNTY, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024

Management is pleased to present this narrative overview and analysis of the financial activities of Prince George's County, Maryland (the County) for the fiscal year ended June 30, 2024. We encourage the readers to consider the information presented here in conjunction with the additional information that we furnished in our letter of transmittal. The following discussion focuses on the County's primary government and, unless otherwise noted, component unit information is not included.

FINANCIAL HIGHLIGHTS

- The County's liabilities and deferred inflows exceed assets and deferred outflows at June 30, 2024 by \$2.6 billion (net deficit). The primary government has an unrestricted net deficit balance of \$5 billion, partially due to debt related to assets owned by its component units - the Board of Education and the Community College and the reporting requirements for Pension and OPEB liabilities (\$2.2 billion, \$1.7 billion).
- The County's total net position decreased by \$163.1 million. Net position of governmental activities decreased \$147.2 million, while the net position of business-type activities decreased \$15.9 million.
- At June 30, 2024, the County's governmental funds report combined ending fund balances of \$1.0 billion, a decrease of \$218.1 million. Of this amount, \$358.5 million remains in the General Fund of the County as unassigned, which represents approximately 14.6% of total general fund expenditures for fiscal year 2024.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the County's financial statements, which include government-wide and fund statements, as well as notes to the financial statements.

Government-Wide Financial Statements

Similar to private-sector reporting, government-wide financial statements are designed to provide a broad overview of the financial position of the County. They include a **statement of net position** and a **statement of activities**. These statements appear on pages 17 and 18 of this report.

The statement of net position shows the County's assets and deferred outflows less its liabilities and deferred inflows at June 30, 2024. The difference between the assets, deferred outflow of resources, liabilities and deferred inflow of resources is reported as net position. Changes in net position over time may be helpful in indicating an improving or deteriorating financial position. Additionally, nonfinancial factors, such as a change in the County's property tax base or the condition of the County's facilities, should be considered to assess the overall health of the County.

The statement of activities follows the statement of net position and presents information on how net position changed during the fiscal year. The statement presents all underlying events, which give rise to the change, regardless of the timing of the related cash flows.

PRINCE GEORGE'S COUNTY, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024

Both statements distinguish functions of the County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The government-wide financial statements of the County (known as the primary government) include general government, public safety, public works and transportation, health, public welfare, and education. The government-wide financial statements also include the legally separate component units for which the County is financially accountable. Financial information for these component units is reported separately from the primary government.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Like other state and local governments, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All funds of the County government can be divided into three categories: governmental, proprietary, and fiduciary.

Governmental funds – Governmental funds, presented on pages 19 to 24, essentially account for the same functions as those reported under the governmental activities in the government-wide financial statements. However, this set of financial statements focuses on events that produce near-term inflows and outflows of spendable resources as well as on the balances of spendable resources available at the end of the fiscal year and is a narrower focus than the government-wide statements. This information may be useful in evaluating the County's near-term financing requirements and available resources.

By comparing functions between the two sets of statements for governmental funds and governmental activities, readers can discern the long-term impact of near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statements of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison.

Governmental funds individually presented in the County's basic financial statements include three major funds: the General Fund, the Capital Projects Fund, and the Federal and State Aided Programs Fund. The remaining three funds have been combined and presented in one column as "Other Governmental Funds." Combining statements for these other governmental funds are presented on pages 154 to 157 of this report.

Proprietary funds – The County maintains two different types of proprietary funds: enterprise and internal service funds. These funds are included on pages 25 to 29 of this report.

Enterprise funds are used to report, in detail, the same information presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for solid waste, stormwater management, and watershed protection and restoration. The solid waste, stormwater, and watershed protection and restoration activities are considered major funds of the County. Internal service funds are an accounting device used to accumulate and allocate costs internally for the County. The County uses internal service funds to account for self-insurance, vehicle maintenance, and computer services. Because the internal service funds predominantly benefit governmental rather than business-type functions, they have been included within the governmental activities in the government-wide statements. The internal service funds are presented in total in the fund financial statements but may be viewed separately in the combining statements on pages 158 to 163 in this report.

PRINCE GEORGE'S COUNTY, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024

Fiduciary funds – The County uses fiduciary funds to account for resources held for the benefit of parties outside of the County government. Although these funds are presented with the fund statements, they do not appear in the government-wide financial statements because the resources of these funds are not available to support the programs of the County. The accounting method used for fiduciary funds is much like that used for proprietary funds. These funds are presented on pages 30 and 31 of this report.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in both government-wide and fund financial statements. Notes are presented on pages 33 to 121 of this report.

Other Information

This report also includes required supplementary information related to the funding progress, net pension liability and contributions of the County's Trust Funds. This information is included on pages 122 through 137.

Combining and individual statements and schedules referred to earlier, which present more detailed views of the General Fund, nonmajor governmental funds, internal service funds, fiduciary funds, and nonmajor component units are presented on pages 138 to 173.

Additional information about the County, which may be of interest to the reader, is found in the Statistical Section of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, changes in net position over time is a useful indicator of an enterprise's financial position. The County's total net position as of June 30, 2024, was a deficit of \$2.6 billion. Investment in capital assets such as land, roads, bridges, buildings, machinery, and equipment accounts for \$1.9 billion of net position. The amount is presented less any outstanding debt related to the acquisition and accumulated depreciation and amortization of those assets. The County uses capital assets to provide services to the citizens, and consequently, these assets are not available for future spending. Although assets are reported net of related debt, the capital assets themselves cannot be used to liquidate that liability, and other resources will be needed to repay any associated debt.

PRINCE GEORGE'S COUNTY, MARYLAND

Restricted net position represents resources subject to external restriction on how they may be used to meet the County's ongoing obligations to citizens and creditors. As indicated earlier, the County's governmental and business-type activities unrestricted net deficit is mainly attributable to outstanding debt that has been issued on behalf of the County's component units, pension and OPEB liabilities. The majority of this debt is for the Board of Education as the County continues to issue bonds to finance school construction projects. Counties in the State of Maryland issue debt for school construction; however, the buildings are owned by the County's Board of Education. The following represents revenues by source and expenses by function of primary government for the years ended June 30, 2024, and 2023.

MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024**

Governmental Activities

Net position for the County's governmental activities decreased by approximately \$147.2 million in fiscal year 2024. The County's total revenue from governmental activities was approximately \$2.9 billion in fiscal year 2024. Property and income taxes make up approximately 69% of this revenue. Property taxes increased by approximately \$66.7 million or 6.25%. The growth is related to an increase in the assessable value of 22.7% above the property tax assessments of three years ago. Income tax increased by approximately \$117.5 million or 15.2%.

Transfer and recordation taxes (\$155.4 million), telecommunications taxes (\$15.4 million), energy taxes (\$87.4 million), and cannabis sales taxes (\$2.7 million) comprise most of the remaining other taxes. Other taxes of (\$37.9 million) make up the balance of total taxes. The \$26 million decrease in transfer and recordation taxes relates to the reduction in the number of homes sold and refinanced in FY24 due to a high mortgage interest rate environment.

PRINCE GEORGE'S COUNTY, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024

Governmental Activities

The County's total expense from governmental activities was approximately \$3.1 billion in fiscal year 2024 (approximately \$206.6 million increase from fiscal year 2023.) The categories experiencing the largest increases were General Government and Education (approximately \$27.3 and \$198.9 million increase respectively). Some of the factors affecting the changes include:

- Increase of \$96.1 million of contributions to the Board of Education.
- Increase in non-departmental of approximately \$21.8 million.
- Increase in compensation and fringe for general government employees of approximately \$11 million.

Business-type Activities

Business-type activities decreased the County's net position by approximately \$15.9 million in fiscal year 2024. Key elements of this change are as follows:

- Net position for the Watershed Protection and Restoration Fund increased by \$8.3 million, whereas the Solid Waste Management and Stormwater Management Funds decreased by \$14.3 and \$10.2 million, respectively.
- The decrease in net position of the Solid Waste Fund is mostly attributed to increases in operating expenses of \$22.5 million. The increase of expenses was partially offset by the increase in operating and non-operating revenues of \$0.9 and \$3.5 million, respectively.
- The decrease in net position of the Stormwater Management Fund is mostly attributed to the increase in operating expenses of \$10.5 million. The increase in operating expenses was partially offset by increases in operating and non-operating revenues of \$1.2 and \$2.8 million, respectively.

FINANCIAL ANALYSIS OF GOVERNMENT FUNDS

Governmental Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Governmental funds provide information on near-term inflows, outflows, and balances of spendable resources. In assessing the County's financing requirements, unassigned fund balance is a particularly useful measure of net resources available for spending at the end of the fiscal year.

- As of June 30, 2024, County governmental funds reported combined fund balances of \$1.0 billion, a decrease of \$218.1 million compared to the prior year balances. Committed Governmental fund balance was \$365 million which includes, \$228 million for a charter-mandated contingency reserve (Rainy Day Fund) and an operating reserve of \$136.8 million. Restricted fund balance consists of \$3.3 million for drug enforcement, \$135.6 million for Capital Projects, \$64.9 million for debt service, General Fund of \$39.5 million for other purposes. Expenditures in the Federal and State Aided special revenue funds decreased by \$37.6 million largely driven by a decrease in spending related to the American Rescue Plan Act (ARPA). Revenue in the Federal and State Aided special revenue funds increased by \$8 million primarily due to an increase of intergovernmental revenue of \$8 million.

PRINCE GEORGE'S COUNTY, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024

The General Fund is the chief operating fund of the County. At June 30, 2024, total fund balance in the general fund was \$895.6 million of which \$358.5 million was unassigned. The General Fund balance increased by \$38.0 million from current fiscal year operations. The following key factors were responsible for the changes:

- Operating revenues increased \$194.3 million from fiscal year 2023, which exceeded the final budget by \$76.2 million. The majority of the increase is related to taxes, charges for services, and intergovernmental revenues. These were offset by an overall decrease in license and permits revenue and miscellaneous revenue of \$9.1 and \$6.3 million, respectively.

Capital Projects Fund expenditures totaled \$350.2 million for fiscal year 2024 compared to \$225.4 million in fiscal year 2023. The County's spending increased by \$39.4 million on the Alternative Financing Board of Education Projects, \$31.1 million on the New Glenridge Area Middle School Project, \$27 million on the Marlboro Hall Renovations Project, \$17.5 million on the Systemic Replacements 2 Project, \$16.3 million on the Barlowe Road Renovations Project, and \$10.9 million on the Regional Health and Human Services Center Project.

Expenditures in the Non-Major Governmental Funds increased by \$5.3 million (2 percent) in comparison to fiscal year 2023. The main drivers were increases in expenditures in the Debt Service and Drug Enforcement Funds, \$4.3 and \$0.9 million, respectively.

Proprietary Funds

Proprietary fund statements provide more detail for the County's business-type activities than the government-wide financial statements.

- **Enterprise Funds.** At June 30, 2024, the total net position in the Enterprise Funds decreased by \$15.9 million. The Solid Waste Fund had a decrease in net position of \$14.3 million. The decrease in net position is mostly attributed to an increase in operating expenses in the Solid Waste Management Fund related to a \$8.6 million increase in contractual services – refuse collection and an \$5.8 million increase in landfill postclosure costs.

BUDGETARY HIGHLIGHTS

The County's final General Fund budget was increased by \$47.0 million from the original budget. The funding for this was a declaration of additional revenue and the use of fund balance. The additional funding was used for increases to the Board of Education of \$13.4 million, public safety of \$18.5 million, non-departmental of \$11.3 million and other departments of \$3.8 million. These increases resulted from unanticipated expenditures and other requests.

PRINCE GEORGE'S COUNTY, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets. The County's investment in capital assets for its governmental and business-type activities as of June 30, 2024, was \$3.6 billion (net of accumulated depreciation.) This investment in capital assets includes land, buildings and improvements, equipment and vehicles, road networks, bridges, landfill property in service, and stormwater property in service.

Major capital asset events during the year include the following:

- Buildings and improvements increased by \$36.9 million including \$18.5 million for Bladensburg Library Replacement, \$15 million for Surratts-Clinton Library Branch Renovation and \$1.6 million for Chillum Road at Knollbrook Intersection Improvements.
- \$38.9 million in road network additions primarily due to developer contributions.
- \$17.0 million, \$15.7 million, and \$11.6 million added to construction in progress for the Special Operations Division Facility, the Forensics Lab Renovations, and the Regional Health and Human Services Center.
- \$35.9 million and \$29.5 million added to construction in progress for the Stormwater Management Fund and the Water Quality Management fund respectively.

The County's capital assets, net of accumulated depreciation and amortization, are presented in the following table as of June 30, 2024 and 2023:

Capital Assets as of June 30
(net of accumulated depreciation and amortization)

Total	<u>\$ 2,482,572,848</u>	<u>\$ 2,547,903,213</u>	<u>\$ 558,290,709</u>	<u>\$ 484,743,693</u>	<u>\$ 3,040,863,557</u>	<u>\$ 3,032,646,906</u>

Total bonded debt of the County decreased by \$3.9 million from the previous fiscal year due to repayments and refunding of \$283.4 million offset by issuance of General Obligation and Revenue Bonds of \$279.5 million.

The underlying ratings of the County's general obligation bonds as of June 20, 2024, were as follows:

	<u>Current Rating</u>
Standard & Poor's	AAA
Moody's Investors Service, Inc.	Aaa
Fitch Ratings	AAA

Additional information on the County's long-term debt is included in note 8 starting on page 72 of this report.

PRINCE GEORGE'S COUNTY, MARYLAND
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2024

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

Factors considered in preparing the County's budget for fiscal year 2025 included:

- Property values will grow in FY 2025. Group three's assessable value increased by 23.0% in January 2024 from three years ago, resulting in the growth of property tax revenues.
- Due to higher mortgage rates, the volume of home sales fell nearly 26% in FY 2023 and dropped another 7% in FY 2024. An average of 644 homes sold per month. FY 2024 saw the lowest level of real estate activity since FY 2014. Although the low inventory caused the median home price to continue rising (up 4.7% in FY 2024, to \$428,946), the volume of sales is the main driver of Transfer & Recordation tax revenue. Mortgage rates are projected to remain elevated in FY 2025, thus the budget assumes a -19.6% decrease in Transfer & Recordation tax revenue on the expectation that home sale volume remains in the 600 per month range.
- The FY 2025 approved budget assumes 5.6% growth in real property revenue, to \$1.049 billion. The Homestead Tax Credit is limited to 3.0% offset by tax credits granted toward the development of certain housing projects.
- Income tax revenue is projected to grow by 1.7% in the approved budget relative to FY 2024. The labor force has remained flat since the pandemic, so revenues are only increasing based on estimated wage growth.
- The County was awarded \$176.6 million from the Federal American Rescue Plan Act. All funds have been received and the County is using them for health, housing, economic recovery, and other uses in accordance with federal guidance. All funds will be spent or obligated by December 31, 2024.

The fiscal year 2025 approved budget assumed an unassigned fund balance in the General Fund of \$197.9 million. This includes the use of \$34.9 million of fund balance, of which \$7.8 million is for one-time purposes.

Requests for Information

This financial report is designed to provide a general overview of Prince George's County, Maryland for those individuals with an interest in our government's finances. Address questions concerning any of the information provided in this report or requests for additional information to the Office of Finance, Accounting Division: 1301 McCormick Drive, Suite 1100, Largo, MD 20774. PRINCE GEORGE'S COUNTY, MARYLAND
 Reconciliation of the Balance Sheet of Governmental Funds
 to the Statement of Net Position
 June 30, 2024

Total fund balances for governmental funds (Exhibit A-3) \$ 1,014,390,777

Amounts reported for governmental activities in the statement of net position are

Capital assets used in governmental funds are not financial resources and therefore are not reported in the funds. Those assets which do not include the combined assets related to the internal service funds consist of:

Land	109,990,374
Infrastructure, net of \$1,633,348,595, accumulated depreciation	1,582,480,436
Buildings and improvements, net of \$296,828,116, accumulated depreciation	685,928,032
Equipment, net of \$245,091,732 accumulated depreciation	57,646,837
Right to Use Assets, net of \$15,117,420, accumulated amortization	17,366,663
Subscription Assets, net of \$6,967,004, accumulated amortization	4,759,089
Construction in progress	<u>287,052,918</u>

Total capital assets 2,745,224,349

The assets and liabilities of the Internal Service Funds (funds used by management to charge the cost of fleet maintenance, information technology, and self-insurance) are included in the governmental activities in the statement of net position. Internal service fund net position is:

(144,431,974)

County revenue that is collected after year-end, but not available soon enough to pay for the current period's expenditures is reported as deferred inflow of resources in the funds.

261,656,264

Long-term liabilities for governmental funds activity are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but is recognized as an expenditure when due.

(39,204,835)

Long-term liabilities, deferred inflows, and deferred outflows:

Bonded debt	(2,108,803,243)
Deferred inflow of resources - bond refunding costs	(2,384,262)
Unamortized discount (premium)	(219,943,555)
Lease liability and Equipment Purchases Payable	(123,315,077)
Subscription liability	(4,635,020)
Pension and OPEB liability	(3,736,611,273)
Compensated absences and termination benefits payable	(77,471,670)
Notes payable	(245,003,480)
Deferred outflow of resources - pensions	326,278,392
Deferred inflow of resources - pensions	(38,092,587)
Deferred outflow of resources - OPEB	508,604,581
Deferred inflow of resources - OPEB	(903,950,993)
Arbitrage rebate liability	<u>(704,554)</u>

(6,626,032,741)

Total net position of governmental activities

\$ (2,788,398,160)

See accompanying notes to financial statements.

PRINCE GEORGE'S COUNTY, MARYLAND
 Reconciliation of the Statement of Revenues, Expenditures,
 and Changes in Fund Balances of Governmental Funds
 to the Statement of Net Activities
 For the Year ended June 30, 2024

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances - total governmental funds		\$ (218,061,493)
Capital Outlay, reported as expenditures in governmental funds, are shown as capital assets in the Statement of Net Position.		100,147,186
Depreciation and amortization expense on governmental capital assets is included as an expense in the statement of activities, but does not require the use of current financial resources, and therefore, is not reported as expenditures in governmental funds.		(107,929,762)
Donated capital assets are reported as revenue on the statement of activities; however, they do not provide current financial resources to the funds.		38,899,850
Revenues in the statement of activities that do not provide current financial resources are reported as unavailable revenue in the funds. This represents changes in deferred revenue at the fund level.		37,413,087
In the statement of activities the loss on disposal of equipment is reported, whereas in the governmental funds, disposal of capital assets are not recorded. Thus the change in net position differs from the change in fund balance.		(1,641,701)
Internal Service Funds are used by management to charge the cost of fleet maintenance, information technology, and self insurance. The net revenue is reported with governmental activities.		11,514,415

Long-term liabilities for governmental funds activity are not due and payable in the current period and accordingly are not reported as fund liabilities. Interest on long-term debt is not accrued in governmental funds, but is recognized as an expenditure when due. Balances at June 30, 2024 are:

Debt Issued:		
Bond proceeds	(191,655,000)	
Bond and notes premium	(29,214,119)	
Leases and subscriptions issued	(44,993,436)	
Payment to escrow agent	87,873,473	
Principal payments	<u>202,561,364</u>	
Net adjustment		24,572,282

Certain expenses reported in the statement of activities do not require the use of current financial resources, and therefore, are not reported as expenditures in governmental funds.

Accrued interest expense	(208,123)	
Compensated absences	15,024,821	
Pension and LOSAP expenses	(118,052,686)	
Other post employment benefits	28,361,680	
Arbitrage rebate	(536,455)	
Amortization bond premium/discount and deferred charge on refunding	<u>43,262,220</u>	
		(32,148,543)

Change in net position of governmental activities		<u>\$ (147,234,679)</u>
---	--	-------------------------

See accompanying notes to financial statements.

Summary of Significant Accounting Policies

The accounting policies of Prince George's County, Maryland (the County) conform to accounting principles generally accepted in the United States of America (GAAP) as applicable to governmental units. The following is a summary of the County's significant accounting policies:

(a) Reporting Entity

The County is a body corporate and politic founded in 1696 as a political subdivision of the State of Maryland, which performs all local government functions within its jurisdiction. The County operates under a "home rule" Charter adopted in November 1970. Under the Charter, the County is governed by an elected County Executive and nine-member County Council.

As required by GAAP, the accompanying financial statements include various departments and agencies of the Primary Government and the County's component units, entities for which the County is considered to be financially accountable because of the significance of their operational or financial relationship with the County.

The government-wide financial statements include a separate column for the Board of Education of Prince George's County, Maryland and a separate column combining all other discretely presented component units. Each component unit is legally separate from the Primary Government and has a June 30 fiscal year end. There are no blended component units, i.e., legally separate component units whose financial information is combined with the operations of the Primary Government, included in this financial report. A description of the County's eight discretely presented component units follows:

- (i) The Board of Education of Prince George's County, Maryland (Board of Education or the Board) - The Board operates all public schools (grades K through 12) within the County. The Board is fiscally dependent because the County approves its budget, is legally obligated to fund the Board's operations, and issues and is obligated to pay debt for the Board. A complete financial report is available through the Board's administrative offices, which are located at the Sasscer Administration Building, 14201 School Lane, Upper Marlboro, Maryland 20772.
- (ii) The Housing Authority of Prince George's County (Housing Authority) - The Housing Authority was created to develop safe, sanitary, and decent housing for County citizens. The governing body and management personnel are appointed by the County Executive. The County also approves the budget of the Housing Authority. Requests for copies of financial statements should be addressed to the administrative offices of the Housing Authority, which are located at Inglewood Center III, 9400 Peppercorn Place, Suite 200, Landover, Maryland 20785.
- (iii) The Industrial Development Authority of Prince George's County (IDA) - The IDA is a public building authority providing physical facilities to local governments located in the State of Maryland. The County appoints a majority of the governing body and is able to impose its will through approval of the IDA's budget and substantial involvement in IDA operations. Requests for copies of financial statements should be addressed to the administrative offices of the Industrial Development Authority, which are located at 14741 Governor Oden Bowie Drive, Suite 3151, Upper Marlboro, Maryland 20772. Resolution CR-69-2017 was adopted on October 24, 2017, by the County Council of Prince George's County, Maryland, which required winding down and termination of the Industrial Development Authority (IDA). There has been no activity since FY21.

Prince George's County, Maryland
Notes Financial Statements

- (iv) The Prince George's County Memorial Library System (Memorial Library or Library) - The Memorial Library operates the County's public library system. The County is legally obligated to provide financial support to the library. The County approves its budget, holds title to its assets, and can unilaterally abolish the library. Requests for the Library's financial statements should be made to the administrative offices, which are located at 6532 Adelphi Road, Hyattsville, Maryland 20785.
- (v) The Prince George's Community College (Community College or College) - The College operates a higher education institution within the County. The County is legally obligated to provide financial support to the College. In addition, the fiscal dependency criterion applies because of the County's substantial budgetary approval authority. Individuals interested in obtaining detailed financial statements for the College should contact its administrative offices, which are located at 301 Largo Road, Landover, Maryland 20772.
- (vi) The Prince George's Community Television, Inc. (PGCT) - PGCT operates local government public access channel programming for cable television operations. The County appoints a majority of the governing body and imposes its will over PGCT operations. PGCT is fiscally dependent on the County (i.e., the County has substantive approval authority over the budget, sets fees, and prohibits debt issuances.) A full set of financial statements is available at PGCT's administrative offices, which are located at 9475 Lottsford Road, Suite 125, Landover, Maryland 20785.
- (vii) The Redevelopment Authority of Prince George's County (Redevelopment Authority) - The Redevelopment Authority was created to provide residential, commercial, and industrial development or redevelopment within County boundaries. The County appoints a majority of the governing body and is able to impose its will through approval of the Redevelopment Authority's budget and substantial involvement in Redevelopment Authority operations. Requests for copies of financial statements should be addressed to the administrative offices of the Redevelopment Authority, which are located at 9201 Basil Court, Suite 155, Largo, Maryland 20774.
- (viii) The Revenue Authority of Prince George's County (Revenue Authority) - The Revenue Authority was created to develop projects within the boundary lines of the County devoted wholly or partially for public uses and to stimulate employment and economic growth. The Revenue Authority is also responsible for the acquisition, construction, and operation of parking and related facilities for motorized and non-motorized vehicles within the County. The County appoints a majority of the governing body and is able to impose its will through approval of the Revenue Authority's budget and substantial involvement in Revenue Authority operations. Additionally, the County must approve and is responsible for all bonded debt issuances. Requests for financial statements should be directed to the Revenue Authority's administrative offices, which are located at 1300 Mercantile Lane, Suite 108, Landover, Maryland 20785.

As discussed in Note 18, the Washington Suburban Sanitary Commission, Washington Suburban Transit Commission, Washington Metropolitan Area Transit Authority, and the Maryland-National Capital Park and Planning Commission are not part of the reporting entity, but rather are considered joint ventures for financial reporting purposes.

(b) Basis of Presentation

Government-wide Statements: The statement of net position and the statement of activities report non-fiduciary financial activity of the County and its component units. The majority of inter-fund activity is eliminated from the statements. Governmental activities, which are mainly supported by

Prince George's County, Maryland
Notes Financial Statements

tax revenues, are reported separately from business-type activities, which rely on fee charges to external parties. Additionally, the primary government is reported separately from its component units.

The statement of activities compares direct expenses and program revenues for distinct activities and for each of the County's governmental and business-type activities. Direct expenses are those that are specifically related to a program or function. Program revenues include (1) fees and charges for services generated by programs and (2) grants and contributions restricted to a particular program. All taxes and other items not included as program revenues are reported as general revenues.

Fund Financial Statements: Fund financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. The focus is on major governmental and enterprise funds, which are reported in separate columns in the fund financial statements. The remaining governmental funds are combined and reported as non-major funds.

The County reports the following major governmental funds:

General Fund - The General Fund is the County's primary operating fund. It accounts for all financial resources except those required to be accounted for in another fund.

Federal and State Aided Programs - This Special Revenue Fund accounts for direct financial assistance received by the County through categorical grants from Federal and State agencies and legal settlements.

Capital Projects Fund - The Capital Projects Fund accounts for the acquisition of capital assets or construction of major capital projects not being financed by proprietary or fiduciary funds.

The County reports the following major proprietary funds:

Solid Waste – This fund accounts for the disposition of refuse, garbage, rubbish, or any other matter to ensure the public health of the inhabitants of the County. The fund also covers programs and activities associated with solid waste management, environmental protection, and recycling and clean-up of the environment.

Stormwater Management Fund – This fund accounts for the servicing of County stormwater management facilities including floodplain maintenance, storm drain maintenance, and a variety of rehabilitation, repair and maintenance contracts for open channels, ditches, and flood channels.

The Watershed Protection and Restoration Fund – This fund was established July 1, 2013, in accordance with provisions of Maryland House Bill 987. The fund accounts for the services rendered to complete water quality and flood control management improvements.

Prince George's County, Maryland
Notes Financial Statements

The County also reports the following additional funds:

Non-Major Governmental Funds – These funds are special revenue funds which are used to report specific revenues that are legally restricted for particular purposes and the debt service fund which accounts for the payment of general long-term debt not paid by proprietary funds.

Internal Service Funds - Internal Service Funds are proprietary funds that account for vehicle maintenance, information technology, and risk management services to other departments or agencies of the County, or to other governmental units, on a cost-reimbursement basis. Internal Service Fund accounting is similar to enterprise funds; however, for government-wide reporting the activity is mostly included with governmental activities because they predominantly serve the governmental funds.

Trust Funds - Trust Funds are fiduciary funds out of which retirement annuities and/or benefit payments are paid and designated to public employees.

Custodial Funds – These funds account for money held on behalf of other governmental entities for taxes collected by the County and deposits held for inmates.

(c) Basis of Accounting

Government-wide, Proprietary Funds and Fiduciary Funds are accounted for using the flow of economic resources measurement focus and the accrual basis of accounting. Under this method, revenues are recognized when earned and expenses are recorded at the time liabilities are incurred.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the business-type and governmental funds of the County. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as *general revenues* rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Stormwater Management Fund, Solid Waste Fund and of the government's internal service funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Prince George's County, Maryland
Notes Financial Statements

Governmental funds are used to account for the County's general government activities. Governmental funds use the flow of current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The County considers most revenues available if they are collected within 60 days after year-end. Expenditures generally are recorded when the related liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded when payments are due.

Property taxes, interest, charges for services, and special assessments are susceptible to accrual. Other receipts and taxes become measurable and available when cash is received by the County and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the "susceptible to accrual" criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The County reports unearned revenue in its financial statements. Unearned revenues arise in enterprise funds when the County receives resources before it has a legal claim to them, as when grant monies are received prior to the occurrence of qualifying expenditures. In subsequent periods when the County has a legal claim to the resources, the liability for unearned revenue is removed and revenue is recognized. Unearned revenue is also reported in the government-wide statements.

The County reports deferred inflows and outflows of resources as separate financial statement elements. Deferred outflows of resources represent a consumption of net assets that apply future periods. While deferred inflows of resources represent an acquisition of net assets that apply to future periods. The government-wide and proprietary fund financial statements report both deferred outflows and inflows of resources relating to debt refunding, pension and OPEB costs. The governmental funds report deferred inflows relating to unavailable revenue.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, and then unrestricted resources as they are needed. Furthermore, within the unrestricted fund balance the County will apply expenditures against committed, then assigned, and then unassigned amounts.

(d) Budgetary Data

The Prince George's County Charter requires that certain transactions be accounted for on a basis other than GAAP. Actual results of operations are presented in the Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual for the General Fund in accordance with legislative requirements, in order to provide a meaningful comparison of actual results with budget estimates. Under the budgetary basis, encumbrances are recorded as the equivalent of expenditures, as opposed to only a restriction, assignment, or commitment of fund balance (GAAP basis). This treatment of encumbrances represents one of two material differences between the GAAP and budget basis. The other significant difference relates to the presentation of purchase agreement financing transactions. These transactions represent equipment or real estate lease purchase contracts where an escrow account is maintained under a three-party agreement between the County, the leasing company, and the fiscal escrow agent, who controls the receipt of the financing proceeds and disbursements for equipment and real estate purchases. Under the GAAP basis, both the purchases and periodic principal and interest payments on the financing must be recorded; however, under the

Prince George's County, Maryland
Notes Financial Statements

budgetary basis, only the principal and interest payments are recorded.

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

- Agency budget requests are normally due to the Office of Management and budget prior to mid-November.
- Prior to January 15, the Component Units submit to the County Executive a proposed budget for the fiscal year commencing the following July 1.
- Prior to April 1, the County Executive submits to the County Council a proposed operating budget for the County, which includes the needs of the Component Units for the upcoming year. The operating budget includes proposed expenditures and the means of financing them.
- Public hearings are conducted by the County Council to obtain taxpayer comments.
- Prior to June 1, the budget is legally enacted through passage of an ordinance.
- The appropriated budget is prepared by fund and by object within an agency. The County Executive is authorized to transfer budgeted amounts within an agency within any fund; however, the County Council must approve any revisions that alter the total expenditures of any agency or fund. No agency of the Primary Government may during any fiscal year expend, or contract to expend, in excess of the amounts appropriated in the budget for such fiscal year. The level of budgetary control (level at which expenditures/expenses are monitored) is maintained at three major object classifications: compensation, other current expenditures/expenses (which include debt service payments, expenditure recoveries, and operating transfers out), and capital outlays. The legal level of control is exercised at the agency level in the General Fund. The County Executive is authorized to transfer budget amounts up to \$250,000 within any department or fund; however, the County Council must approve any revisions that alter the total budgeted expenditures of any department or fund or transfer in excess of \$250,000. No County liability shall be incurred or contracted by any department, agency, or employee, and no bill or invoice shall be approved or paid, unless the Council has authorized by budget adoption or a specific appropriation to cover payment out of public funds. Any person willfully violating this provision is deemed to be responsible for the contract, debt, or expenditure. The agency head allowing such action is subject to such disciplinary action as the Council determines.
- Subsequent to passage of the budget ordinance, the County Council may approve supplemental appropriations. During fiscal year 2024, such appropriations amounted to a \$33.5 million increase in the Primary Government's General Fund budget (major fund).
- All unencumbered appropriations in the General Fund lapse at the end of the fiscal year.

Prince George's County, Maryland
Notes Financial Statements

The Statement of Revenues, Expenditures and Changes in Fund Balances - Budget and Actual for the General Fund is located included in Exhibit A-5. The following funds of the Primary Government have legally adopted annual budgets:

General Fund
Nonmajor governmental funds:
Domestic Violence Fund
Drug Enforcement and Education Fund

Although budgets are not legally adopted for all Special Revenue Funds of the County, budgetary control is exercised. The Federal and State Aided Programs Fund's expenditures are limited to the amount awarded for the associated grant programs.

Expenditures in the Debt Service Fund are limited by authorized transfer amounts from other funds. Capital Projects Funds are appropriated at the project level. Annual operating budgets are not prepared for the Debt Service or Capital Projects Funds.

(e) Cash and Cash Equivalents

For Statement of Cash Flows purposes, the Primary Government defines cash equivalents to include the following: all highly liquid, unrestricted investments with an original maturity of three months or less when purchased; all cash and investment pools which are used essentially as demand accounts; all cash with fiscal agents; and all restricted cash and investments have been determined to be cash equivalents.

(f) Investments

Investments of the Primary Government and trust funds are recorded at amortized cost or fair value within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on valuation inputs used to measure the fair value of the asset as detailed in Note 3.

(g) Allowance for Uncollectible Receivables

The County calculates its allowance for uncollectible receivables using historical collection data and, in certain cases, specific account analysis. The total allowance amounts are summarized below:

Primary Government:	
General Fund	\$ 61,432,184
Federal and State Aided Fund	44,436,633
Solid Waste Fund	1,019,132
Stormwater Management Fund	26,579
Watershed Protection and Restoration Fund	21,639
	\$ 106,936,167

Prince George's County, Maryland
Notes Financial Statements

As part of the County's Community Development Block Grant and Rental Rehabilitation federal financial assistance programs, the County makes loans to residents and developers to restore and repair low-income housing units. On June 30, 2024, there was approximately \$73.9 million of outstanding loans receivable under these programs. \$29.4 million of these loans are offset by equivalent unearned revenue in the Federal and State Aided Programs Special Revenue Fund. The remaining \$44.4 million is completely offset by an allowance for uncollectible notes receivable (included in the table above), because collections are highly uncertain. In many cases, the County has agreed to forgive loan repayment if the resident/developer complies with certain requirements that may include residing in the property for a certain number of years. The County has

Economic Development and Housing Trust fund notes receivable of \$31,966,512 in the General fund that are offset by an equivalent allowance because collections are highly uncertain.

(h) Inventories

Inventories, consisting of expendable items held for consumption, are stated at cost (first-in, first-out method). The consumption method is used, and the cost of such items is recognized as an expense or expenditure when used in operations.

(i) Prepaid Costs and Deposits

Payments made to vendors for services that will benefit periods beyond June 30, 2024, are recorded as prepaid expenses. The consumption method is used for prepaid items and expenditures or expenses are recognized when used in operations.

(j) Restricted Assets

Proceeds from debt and funds set aside for payment of revenue bonds and other general obligation debt are classified as restricted assets since their use is limited by applicable debt agreements. Federal and State Law require the County to set aside funds to finance landfill closure and post-closure costs. The County has \$126,710,771 held for landfill closure and post-closure costs on June 30, 2024.

The primary government's restricted cash and investments consist of \$902,816,286, the majority of which are State and Local Government Securities (SLGS) investment balances of which \$692,176,381 is set aside for capital activity, \$128,601,256 for landfill related closing activities, \$21,219,490 for landfill related activity, \$17,208,540 for debt service bond sinking fund, \$43,478,940 restricted for stormwater management capital activity, and \$131,679 set aside in the grant special revenue funds for the purpose of loan repayment.

(k) Capital Assets

Capital assets which include land, buildings, equipment, and infrastructure assets (e.g., road networks, bridges, stormwater property, and similar items) are recorded at cost and as governmental or business-type activities in the government-wide financial statements. The County defines capital assets as having an initial, individual cost of \$5,000 or more and an estimated useful life in excess of one year.

Donated capital assets, donated works of art, similar items and capital assets received in a service concession arrangement are reported at

Prince George's County, Maryland
Notes Financial Statements

acquisition value rather than fair value. Right of use asset measurement is detailed in note 8(g). The costs of normal maintenance and repairs that do not materially extend the assets' useful lives are not capitalized.

Depreciation and amortization are recorded over the following estimated useful lives using the straight-line method:

Land improvements	10 - 20 years
Buildings and plant improvements	3 - 50 years
Stormwater property in service	50 years
Equipment and machinery	3 - 20 years
Bridges	50 years
Road Networks	60 years
Intangibles	3 - 20 years

The Primary Government's landfill facility at Brown Station Road has completed expansion of the construction of eleven new treatment areas referred to as "cells." Ten cells are currently operational. The total estimated cost of the operational cells was transferred from construction-in-progress to landfill property in service based on the total acreage of the operational cells as a percentage of the total landfill acreage multiplied by total estimated costs of the entire facility. Depreciation is computed by dividing the number of tons of refuse dumped by total estimated landfill capacity, which is then multiplied by the estimated total landfill cost. An independent engineer estimates the total capacity of the landfill as 11,461,806 tons. Future offline Area C has been added to Brown Station Landfill during the year ended June 30, 2024, with a projected capacity of 20,833,333 tons.

(l) Self-Insurance Funds

Included in the estimated liability for pending claims are estimates of incurred but not reported claims and incremental claims adjustment expenses for all lines of coverage.

(m) Arbitrage Rebate Liability

This liability represents the excess investment earnings on unspent bond proceeds over the bond yield, in accordance with the Internal Revenue Code of 1986 as amended. The County had an arbitrage liability at June 30, 2024, of \$704,555 and \$18,063 recorded in the Governmental and Business-Type Activities, respectively.

(n) Long-term Obligations

(i) Long-term Debt

Prince George's County, Maryland
Notes Financial Statements

In the government-wide and the proprietary fund financial statements, long-term obligations are reported as liabilities in the applicable, governmental activities, business-type activities, or proprietary fund type statement of net position. Long-term liabilities to be financed from proprietary fund operations are accounted for in those funds.

(ii) Bond Premiums/Discounts and Issuance Costs

Bond premiums and discounts for government-wide and proprietary fund financial statements are deferred and amortized over the term of the bonds using the effective interest method. Bond premiums or discounts are reported as a net addition or reduction of the face amount of bonds payable. Bond issuance costs are recorded as debt service expenses in the year of issuance.

In the governmental funds financial statements, bond premiums and discounts are recognized in the current period. Issuance costs, whether or not withheld from actual debt proceeds, are reported as debt service expenditures.

(iii) Bond Covenants

The various bond indentures contain significant limitations and restrictions on annual debt service requirements, maintenance and flow of monies through various restricted accounts, minimum amounts to be maintained in various sinking funds, and minimum revenue bond coverages. The County is in compliance with all bond covenants.

(o) Net Position and Fund Balance

Net position includes three categories: Net investment in capital assets; restricted net position; and unrestricted net position. Net investment in capital assets consists of capital assets, less accumulated depreciation and amortization, reduced by net outstanding debt related to capital assets and any deferred resources. Restricted net position is restricted assets reduced by liabilities and deferred inflows of resources related to those assets. Unrestricted net position is the remaining residual balance.

The County reports fund balance in various governmental funds. The fund balance categories are listed below:

- Non-spendable – Includes amounts that cannot be spent because they are in non-spendable form (i.e., inventory) or contractually required to remain intact.
- Restricted - Includes amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation.
- Committed - Includes amounts that can be used only for specific purposes determined by a formal action by the County Council as the highest level of decision-making authority. This same formal action (Council Bill) used to create a commitment is required to rescind or modify it.

- Assigned – Includes government's intent to use fund balance for specific purposes but does not meet the criteria to be classified as restricted or committed. County Council Resolution CR-36-2011 granted the authority to assign fund balance in the General Fund to

Prince George's County, Maryland
Notes Financial Statements

a three-person committee consisting of the Director of the Office of Management and Budget, or their designee, the Director of Finance or their designee, and the County Council Administrator, or their designee.

- Unassigned fund balance is the residual classification for the government's general fund and includes all spendable amounts not contained in the other classifications. In other funds, the unassigned classification can be used only to report a deficit balance.
- When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, and then unrestricted resources as they are needed, except for capital projects which use unrestricted resources first. Furthermore, within the unrestricted fund balance the County will apply expenditures against committed, then assigned, and then unassigned amounts.

(p) Revenues, Expenditures, and Expenses

(i) Property Tax Revenue Recognition

The County's real property taxes are due and payable on the first day of July each year, the levy date and the date on which an enforceable lien attaches to the property. Levies are based on assessments as certified to the County by the State of Maryland Department of Assessments and Taxation. Certain bills are eligible for semi-annual payments. Annual bills and the first installment of semi-annual bills are due on or before September 30th and become delinquent on October 1st. The second semi-annual installment is due on or before December 31st and becomes delinquent on January 1st.

Delinquent taxes are subject to interest and penalty at the monthly rate of 1.67% until paid in full. Personal property and real property taxes levied for fractions of a year are due when billed and are overdue within 30 days of billing. General property taxes receivable, net of the allowance for uncollectibles of \$26,514,733 amounted to \$12,713,099. Property on which taxes remain in a delinquent status as of the second Monday in May is placed for tax sale.

At the November 1978 General Election, the voters of the County adopted an amendment to the Charter limiting future collection of real property taxes to the amount collected in fiscal year 1979. The amendment, which became effective in December 1978, added Section 817B to the Charter. It is generally referred to as "TRIM" (TRIM is an acronym for Tax Reform Initiative by Marylanders).

An amendment to TRIM was approved by the voters of the County at the November 1984 General Election, authorizing the Council to levy taxes beginning in 1986 on a maximum rate basis as an alternative to the maximum amount basis. The maximum rate authorized was two dollars and forty cents (\$2.40) for each one hundred dollars (\$100) of assessed value. Beginning in fiscal year 1992, the Court of Appeals upheld the authority of the County to increase the tax rate to pay principal and interest on bonds outstanding prior to the effective date of "TRIM". Prior to fiscal year 2002, real property in the County was assessed at 40% of the phased-in market value. Pursuant to a change in State law, real property in fiscal year 2002 was assessed at 100% of the phased-in market value. For fiscal year 2024, the tax rate was set at one dollar (\$1.00) and two dollars fifty cents (\$2.50) for each one hundred dollars (\$100) of assessed value for real and personal property, respectively. There were no bonds outstanding issued before the effective date of "TRIM".

Prince George's County, Maryland
Notes Financial Statements

(ii) Landfill Operations - Primary Government

• Closure and Post-closure Care Costs

The October 9, 1991, U.S. Environmental Protection Agency rule, "Solid Waste Disposal Facility Criteria", established certain closure and thirty (30) year post-closure care requirements affecting municipal solid waste landfills. In accordance with GAAP, the County accrues for closure and post-closure costs related to its landfill operations.

(q) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses or expenditures during the reporting period. Actual results could differ from those estimates.

(r) Total Column Government-wide Statement of Net Position

The total column for the reporting entity includes a reclassification for the unrestricted net position deficit related to component unit debt (\$824,922,100). The reclassification is necessary because the County issues debt to finance construction projects for its component units (Board of Education and Community College); however, the component units own the assets. The debt reduces unrestricted net position for the County, while the capital assets are reported in net position invested in capital assets, net of related debt by the component units.

(s) Pension and OPEB

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense; information about fiduciary net position of the Maryland State Retirement and Pension System (System), Police, Fire Service, Deputy Sheriff's Correctional Officers', and Supplemental Pension Plans (the County Plans); and the and additions to/deductions from the System and County Plans' fiduciary net position have been determined on the same basis as they are reported by the System and County Plans. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

For purposes of measuring the net Other Postemployment Benefits (OPEB) liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the OPEB Plan and additions to/deductions from the plans' fiduciary net position have been determined on the same basis as they are reported by the OPEB Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Prince George's County, Maryland
Notes Financial Statements

(2) Compliance and Accountability

Net Position Deficit - Primary Government - Internal Service Funds – Enterprise Fund

The Primary Government's Workers' Compensation Internal Service Fund's net deficit at June 30, 2024, was \$210,231,683. The County's risk management contributions increased by \$19.1 million during fiscal year 2024. Operating expenditures decreased by \$18.1 million. The County will continue to increase premium contributions and reduce certain administrative costs in future fiscal years to reduce this deficit. Additionally, the Computer Services and Vehicle Maintenance Funds had net deficits of \$17,136,632 and 3,280,862, respectively.

(3) Cash and Investments

(a) Investment Policy

The Primary Government's investment policy's primary objective for the management of the County's funds is the protection of investment principal in the overall portfolio through the use of diversification and third-party collateralization while maintaining sufficient liquidity to meet all cash flow requirements. The secondary objective is to maximize investment return consistent with risk limitations.

The Primary Government maintains a cash and investment pool that is available for use by all funds. Each fund's share of this pool is displayed as "Cash and investments" (restricted and unrestricted). Investment income is allocated to all funds based on the percentage of the fund's cash and investments at month-end to the total pool, with the exception of income on bond proceeds, which is allocated to the General Fund pursuant to certain legal provisions. The Component Units maintain separate bank accounts covered by Federal depository insurance or collateral held by the banks in the entity's name. Details of the component units' investment policies are included in their individual financial statements and are available to the general public [see note 1(a)]. In addition, investments are separately held by several funds. Statutes authorize the County to invest in obligations of the U.S. Treasury, agencies and instrumentalities; interest bearing accounts; certificates of deposit; repurchase agreements; bankers' acceptances, money market accounts, and the State's investment pool. Statutes require that deposits, interest bearing accounts, certificates of deposit, and repurchase agreements be fully collateralized.

The Primary Government, the Board of Education and the Revenue Authority participate in the Maryland Local Government Investment Pool (MLGIP). The MLGIP is an external investment pool that is not subject to regulation by the Securities and Exchange Commission (SEC). The State Legislature created the MLGIP within the annotated code of Maryland. The MLGIP, under the administrative control of the State Treasurer, is managed by PNC Institutional Investments. An MLGIP Advisory Committee of current participants was formed to review, on a semi-annual basis, the activities of the Fund and to provide suggestions to enhance the Pool.

The reported value of the County's position in the pool is the same as the fair value of the pool shares. MLGIP participants may withdraw from this account balance by notifying MLGIP management by 2 pm on the day of withdrawal.

The MLGIP was established under the Annotated Code of Maryland and is rated AAAM by S&P Global Ratings, their highest rating for money market funds. MLGIP is a 2a7 like pool, which is not registered with the Securities and Exchange Commission (SEC), but generally operates in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940 (Rule 2a7). Unit value is computed using the amortized cost

Prince George's County, Maryland
Notes Financial Statements

method and maintains a \$1 per share value.

The County categorizes its fair value measurements with the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset.

- Level 1 – Valuations based on unadjusted quoted prices for identical assets or liabilities in active markets
- Level 2 – Valuations based on quoted prices for similar assets or liabilities in active markets or identical assets or liabilities in less active markets, such as dealer or broker markets; and
- Level 3 – Valuations derived from valuation techniques in which one or more significant inputs or significant value drivers are unobservable, such as pricing models, discounted cash flow models and similar techniques not based on market, exchange, dealer or broker-traded transactions.

The Primary Government had the following recurring fair value measurements as of June 30, 2024 (in thousands):

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of June 30, 2024
Investments by fair value level:				
US Agency Securities	\$ -	\$ 462,493	\$ -	\$ 462,493
Investments carried at amortized cost:				
Certificates of Deposit				20,000
Money Market Funds				267,026
US Treasury State & Local Government Series Securities (Restricted)				626,567
Total Investments				\$ 1,376,086

Debt Securities classified in Level 2 of the fair value hierarchy are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities relationship to benchmark quoted prices. Further they are valued based on quoted prices for similar assets or liabilities in active markets or identical assets or liabilities in less active markets, such as dealer or broker markets.

The OPEB Plan had the following recurring fair value measurements (in thousands):

Prince George's County, Maryland
Notes Financial Statements

	Balance as of June 30, 2024
Investments carried at amortized cost:	
Equity in pooled cash and investments	\$ 32,877
Money Market Funds	3,108
Investments carried at Net Asset Value (NAV):	
Common Trust Funds	75,197
Total	\$ 111,182

The valuation method for investments measured at the net asset value (NAV) per share (or its equivalent) is presented on the following table (in thousands).

Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Common Trust Funds - Fixed Income Fund	\$ 24,701	-	Daily	1-2 days
Common Trust Funds – Equity Funds	50,483	-	Daily	1-2 days
Common Trust Funds - Real Estate Funds	13	-	Daily	1-2 days
Total	\$ 75,197	-		

Equity in pooled cash and investments is comprised of shares or units in the Prince Georges County cash pool, which are valued at its respective share of pooled cash and investments.

The Common Trust investments are valued at the net asset value (NAV) of units of the respective collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Common Trusts-Real Estate Fund consists of an investment in one trust; the objective of the fund is to approximate the performance of the Dow Jones U.S. Select REIT Index.

Prince George's County, Maryland
Notes Financial Statements

Common Trusts-Equity Funds consist of investments in eight investment trusts. The Funds' investment objectives are to seek long-term capital appreciation through investing in other investment funds based on a custom index.

Common Trusts-Fixed Income Funds consist of investments in six investment trusts, the objective of these funds is to approximate the performance of the Barclays U.S. Treasury Inflation Protects Securities, Barclays U.S. Long Credit Bond and Barclays high Yield \$200 Million Very Liquid Indexes.

The Pension Plans had the following recurring fair value measurements (in thousands):

based on the securities relationship to benchmark quoted prices.

Investment	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Collective trusts	\$ 443,779	\$ -	daily	1-2 days
Mutual Funds	479,064	-	daily	1-2 days
Hedge Funds	320,774	-	See note (A)	30-90 days
International Equity Funds	54,419	-	Monthly	15 days
Private Debt	142,837	22,054	4-10 years	N/A
Private Equity	447,915	91,544	See note (B)	5-10 days
Natural Resources	226,599	-	7-15 years	N/A
Real Estate	94,404	16,535	See note (C)	30-90 days
	<u>\$ 2,209,791</u>	<u>\$ 130,133</u>		

(A) - Redemption frequency for these assets are either monthly, quarterly, or annually. Redemption notice periods also range from 2 to 90 days with assets requiring an annual notice.

(B) - Redemption frequency for these assets are either monthly, quarterly, or decennial with several investments requiring 7-10 years.

(C) - Redemption frequency for these assets are either monthly, quarterly, or decennial with several investments requiring 8-10

Collective trust funds consist of investments in four investment trusts, the objectives of these funds are to approximate the performance of the Barclays U.S. Treasury Inflation Protects Securities, the S&P 500, and various other benchmarks. These investments are valued at the net asset value (NAV) of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities.

Mutual funds consist of a company that pools money from many investors and invests the money in securities such as stocks, bonds, and short-term debt. The combined holdings of the mutual fund are known as its portfolio. Investors buy shares in mutual funds. Each share represents an investor's part ownership in the fund and the income it generates.

Hedge Funds consist of approximately nine investments in limited partnerships that invest in hedge fund strategies that seek alpha in equity of credit makers. The nature of investments in this type is that distributions are received through the liquidation of the underlying assets of the fund. The fair values of the investments in this type have been determined using percent ownership of the NAV of the fund.

Private Equity Funds consist of approximately fifty-one investments in limited partnerships. The private equity investments span the venture capital, growth equity, fund of funds, energy and buyout strategies. Private equity is considered an illiquid investment strategy as funds generally have a life span of seven to ten years. The nature of investments in this type is that distributions are received through the liquidation of the underlying assets of the fund. The fair values of the investments in this type have been determined using percent ownership of the NAV of the fund.

International Equity Funds consist of one investment that invests in non-US developed markets with select exposure to emerging markets.

Prince George's County, Maryland
Notes Financial Statements

Private Debt Funds consist of ten investments in limited partnerships. The private debt investments span direct lending, distressed, energy, mezzanine, mortgages, opportunistic and other strategies. Private debt is considered an illiquid investment strategy as funds generally have a life span of seven to ten years. The nature of investments in this type is that distributions are received through the liquidation of the underlying assets of the fund. The fair values of the investments in this type have been determined using percent ownership of the NAV of the fund.

Natural resource funds include fourteen investments in limited partnerships in the energy and natural resources industries. Distributions are received as the partnerships liquidate the underlying assets.

Real Estate Funds consist of nine investments in limited partnerships that invest in income producing equity securities of U.S and International real estate. Real estate is considered an illiquid investment strategy as funds generally have a life span of seven to ten years.

The nature of investments in this type is that distributions are received through the liquidation of the underlying assets of the fund. The fair values of the investments in this type have been determined using percent ownership of the NAV of the fund.

The Pension Plans of the Primary Government have separate investment policies that are set by each Pension Plan's Board of Trustees to assure overall diversification of investments. Custody of Plan assets is maintained at financial institutions selected by each Board, but the responsibility for selection of specific investments is delegated to appointed investment managers. The Policy seeks to achieve a long-term rate of return on investments, net of expenses that meet or exceed the actuarial assumed rate of return and exceed benchmarks established by the investment committee while maintaining sufficient income and liquidity to pay monthly retirement benefits. For the Police and Fire Pension Plans, the policy establishes a strategic target for asset allocation among Public Equity securities (45%), Fixed Income (20%), Real Assets (10%), Hedge Funds (10%), and Private Equity (15%). For other Comprehensive and Supplemental Plans, the policy establishes a strategic target for asset allocation among Public Equity securities (43%), Fixed Income (22%) and Real Assets (10%), Hedge Funds (10%), and Private Equity (15%). The Plans are authorized to invest in U.S. Government securities, common and international stock, money market mutual funds, corporate bonds and real estate. State statutes do not prohibit the Plans from participating in securities lending activities. All investments are valued at fair value or amortized cost, as appropriate. Fair value for investments in pooled separate accounts is determined using quoted market value or fair value as determined by valuation committees when quoted market value is not available. Assets of each plan are held in separate trust funds. Within each trust, assets are held in custodial accounts for which the custodian makes no investment decisions. The investment policies allow the plans to invest in Alternative Investments which the plans enter into under limited partnership agreements. The limited partnership determines the fair value of alternative investments when quoted market value is not available. The Plans use a third-party administrator to aid in the evaluation of the Alternative Investments.

The Prince George's County, Maryland Non-Pension Post-Employment Benefits Fund (the OPEB Trust Fund) was established during fiscal year 2008. The Board of Trustees has established an investment policy to set forth the Trustees' investment objectives, policies, guidelines, monitoring and review procedures relating to the management and safekeeping of all assets of the OPEB Trust. The Fund's assets may be invested in domestic equity investments, convertible bonds, preferred stocks, US Government obligations, corporate bonds, asset backed securities, agency guaranteed mortgage pass-through securities, low risk collateralized mortgage obligations, and international investments. American Depository Receipts (ADRs) and dual listed foreign stocks may be held by each domestic equity manager to a maximum of 10%.

Prince George's County, Maryland
Notes Financial Statements

(b) Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting the exposure to fair value losses arising from rising interest rates, the Primary Government's investment policy limits investments with maturities greater than one year to a calculation based on 50% of the average of the investment low point for the last three years. Investments made with unspent bond proceeds may not have a maturity greater than 3 years at time of purchase. At June 30, 2024, investments with maturities greater than one year at the time of purchase were 57% of the portfolio. The table below includes the Primary Government's fixed income holdings by investment type, fair value, and maturity:

Primary Government Investments (in thousands)				
<u>Investment Type</u>	<u>Fair Value</u>	<u>Less than 1 year</u>	<u>1 to 5</u>	<u>6 to 10</u>
U.S. Agency Securities	\$ 462,493	\$ 97,303	\$ 354,968 *	\$ 10,222
Certificates of Deposit	20,000	20,000	-	-
Money Market Mutual Funds	267,026	267,026	-	-
US Treasury (SLGS) Restricted	626,567	204,707	330,411	91,449
	<u>\$ 1,376,086</u>	<u>\$ 589,036</u>	<u>\$ 685,379</u>	<u>\$ 101,671</u>

The Pension Plans' policies limit the average maturity and duration of certain investments. The table below includes the Pension Plans' fixed income holdings by investment type, fair value, and maturity:

Pension Fund Investments (in thousands)					
<u>Investment Type</u>	<u>Fair Value</u>	<u>Less than 1 year</u>	<u>1 to 5</u>	<u>6 to 10</u>	<u>over 10</u>
U.S. Government Securities	\$ 19,449	\$ -	\$ 7,137	\$ 5,782	\$ 6,530

Corporate Bonds	16,957	3,683	5,107	2,598	5,569
Asset-Backed Securities	47,329	1,275	945	10,069	35,040
Short-Term Investments	70,285	70,285	-	-	-
	<u>\$ 167,845</u>	<u>\$ 75,243</u>	<u>\$ 25,955</u>	<u>\$ 18,449</u>	<u>\$ 48,198</u>

Table does not include Common Stock, International Government Securities, Mutual Funds, or Real Estate Investment Trust investments, which do not have maturity dates.

Prince George's County, Maryland
Notes Financial Statements

As of June 30, 2024, the OPEB Plan had investments in the following issuers with credit quality ratings as a percentage of the total investments in debt securities:

Investment Type	OPEB Fund Investments (in thousands)				
	Fair Value	Less than 1 year	1 to 5	6 to 10	over 10
Short-term investments	\$ 3,108	\$ 3,108	\$ -	\$ -	\$ -

(c) Credit Risk

Credit risk is the risk that an insurer or other counterparty to an investment will not fulfil its obligations. The Primary Government's investment policy prescribes bankers' acceptances and commercial paper must have a debt rating in the highest letter and numerical rating by at least one nationally recognized statistical rating organization as designated by the SEC. As of June 30, 2024, the primary government had investments in the following issuers with credit quality ratings as a percent of the total investments in debt securities:

Investment Type	Primary Government Fund Investments (in thousands)			
	Amount	Moody's	S&P	%
U.S. Agency Securities	\$ 462,493	Aaa	AA+	33.61%
Certificates of Deposit	20,000	NR	NR	1.45%

	<u>\$ 78,305</u>				<u>\$ 78,305</u>		

(d). Concentration of Credit Risk

Concentration risk is the risk of loss attributed to the magnitude of an investment in a single issuer. The Primary Government's investment policy establishes maximum percentages of the portfolio for an investment class. These percentages apply at the time the investment is purchased and may be overridden to satisfy liquidity requirements. The investment policy limits certain investments to less than 5% of total

Prince George's County, Maryland
Notes Financial Statements

investments. The percentages are as follows:

Primary Government Investments	
<u>Investment Type Name</u>	<u>Maximum %</u>
U.S. Government Securities	100%
U.S. Agency Securities	90%
Repurchase Agreements	80%
Certificates of Deposit and Time Deposits	80%
Bankers' Acceptances	50%
Commercial Paper	5%
Pooled Investments	100%
Municipal Securities and Municipal Money Market Mutual Funds	100%

The OPEB Plan had no investments that exceed 5% that are required to be reported.

The Pension Plan policy limits certain investments to less than 5% of total investments. The following investments are in excess of 5% with a single investor.

Notes Financial Statements

(e.) Custodial Credit Risk

Custodial credit risk for deposits is the risk that, in the event of the failure of a depository financial institution, the County or the Plans will not be able to recover deposits or collateral securities that are in the possession of an outside party.

**Primary Government Cash and Investments Balances (in thousands)
as of June 30, 2024**

Cash in Bank	74,169
Outstanding checks in zero balance accounts	(15,555)
Investments	1,376,086
	<u>\$ 1,434,700</u>

Custodial credit risk for investments is the risk that securities are uninsured, unregistered, and held by the counterparty, or by its trust department or agent, but not in the County or the Plans' name. As of June 30, 2024, there were no investments exposed to custodial credit risk.

(f.) Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. The primary government's policy does not allow investments in foreign denominations. The Pension Plans' policy allows the Plans to invest in foreign currency denominations but does not address foreign currency exposure. The table below lists the Plans' foreign currency exposure for fixed income and equity securities as of June 30, 2024.

**Pension Fund Investments
Foreign Currency Exposure**

<u>Local Currency</u>	<u>Fixed Income</u>	<u>Other</u>	<u>Amount</u>	<u>%</u>
Australian Dollar	\$ 6,323,924	\$ 196,330,715	202,654,639	7.10%

Total Foreign Holdings			<u>636,741,795</u>	22.31%
Total Investments			<u>\$ 2,853,967,000</u>	

Prince George's County, Maryland
Notes Financial Statements

(g.) Securities Lending

The Board of Trustees for the Plans authorizes the lending of securities to broker-dealers and other entities (borrowers) for collateral that will be returned for the same securities in the future. The System's custodian is the agent in lending the System's securities for collateral securities, letters of credit and cash are initially pledged at 100% of the fair value of the securities lent and revalued daily to ensure that the collateral does not fall below 100%. The Plans are indemnified for credit risk as it relates to counterparty loan activity. The collateral securities and letters of credit cannot be sold or pledged unless the borrower defaults. As a result, such amounts have not been reported as assets and liabilities in the combined statement of plan net position of the Pension Trust Funds. Cash collateral is invested in the Plans' custodian's short-term investment pool, which at year-end has an average duration of 15 days and an average weighted maturity of 104 days. As of this date, the duration pool had an average duration of 15 days and an average weighted maturity of 103 days for USD collateral. The relationship between the maturities of the investment pool and the Plans' loans is affected by the maturities of the securities loans made by other entities that use the pool, which the Plans cannot determine. Securities lent for cash collateral are unclassified in the Combined Statement of Plan Net Position. Securities lent for securities or letters of credit collateral are classified according to the category of custodial risk for the collateral. The collateral held and the fair value of securities on loan as of June 30, 2024, totaled \$22,343,629 and \$21,795,517, respectively. Cash collateral held, amounting to \$11,558,464 is included as an asset and liability in the accompanying financial statements at year-end.

(h.) Derivatives

The Investment Policy of the Pension Plans allows the plans to invest in certain derivatives in order to increase potential earnings and hedge against potential losses. In fiscal year 2024 the Plans invested directly in various derivatives including futures contracts, forward currency contacts, and rights. During the fiscal year, the plans had the following derivative activity:

<u>Investment Type</u>	<u>Notional Amount</u>	<u>Changes in Fair Value</u>	<u>Classification</u>	<u>Fair Value at June 30, 2024</u>
Warrants	10,513	-	Investment Revenue	10,513
Total	\$ 10,513	\$ -		\$ 10,513

(4) Interfund Receivables, Payables, and Transfers

Prince George's County, Maryland
Notes Financial Statements

Interfund receivables and payables for the Primary Government as of June 30, 2024, are as follows:

<u>Due From Other Funds</u>	<u>Due To Other Funds</u>						Total
	Capital Projects	Watershed Protection	Solid Waste	Internal Service - Workers Comp	Custodial	Trust Fund OPEB	
General Fund	\$337,500,000	\$142,000,000	\$ 5,123,781	\$ 26,000,000	\$ 4,060,000	\$ 2,265,000	\$516,948,781

(7) Unavailable and Unearned Revenue

Unavailable revenue reported in the General and other Governmental Funds represents tax billings and other receivables not available at June 30, 2024, for funding of current operations. These amounts are reported as a deferred inflow of resources in the governmental funds. Unearned revenue in the Federal and State Aided Programs Fund represents the unexpended portion of funds received for various grants and unrealized revenue relating to notes receivable arising from the sale of property. The Enterprise Funds' unearned revenue represents billings or receipts for future services collected in advance. Unearned revenue in the Internal Service funds is a combination of premiums paid in advance for life and health benefits and accumulated premium contributions of component units in excess of related risk management expenses. Unearned revenue reported in the Government-wide statements represents billings and receivables collected in advance related to items such as property tax deferrals and grant programs.

The following is a summary of governmental and internal service funds deferred and unearned revenue as of June 30, 2024:

	<u>Unavailable</u>	<u>Unearned</u>	<u>Total</u>

Notes Financial Statements

(e) Bond Authorizations

The County Charter requires that any borrowing to finance capital projects must be authorized by an enabling act of the General Assembly of Maryland or by an enabling act of the County Council. The County Council is required by the Charter to submit to voter referendum any act enabling the County to borrow money to finance capital projects, except for school construction bonds. In addition, the County Council is required by the Charter to adopt a bond authorization act before bonds may be issued.

The amount of bonds enabled and authorized but not yet issued on June 30, 2024, is summarized as follows:

	<u>Enabled Amount</u>	<u>Authorized and Unissued amount</u>
Enabled by authority of the State of Maryland:		
Health	\$ 66,725,000	\$ 46,345,000
Roads, parking and mass transit	1,560,521,000	490,556,000
Public buildings	1,006,617,765	294,647,000
Public Safety	785,122,000	309,097,000
	<u>\$ 3,418,985,765</u>	<u>\$ 1,140,645,000</u>

The legal debt limit and margin on June 30, 2024, were \$8,293,390,034 and \$6,554,076,403, respectively. The County was in compliance with all significant bond covenants at June 30, 2024.

(f) Defeasance of Debt

On June 04, 2024, the Primary Government issued \$97,130,000 of the Series 2024B, as noted above, together with premiums of \$7,708,496 to current refund \$105,045,000 of certain maturities of the County's General Obligation Consolidated Public Improvement Bonds, Series 2014A, dated September 30, 2014. Of the \$105,045,000 current refunded bonds, \$16,856,000 (\$3,146,000 for Solid Waste and \$13,710,000 for Stormwater) is reported as business-type activities. The remaining \$88,189,000 refunded bonds relate to governmental activities. The net refunding bond proceeds of \$104,331,781 inclusive of a bond premium of \$7,708,496 were deposited in an irrevocable trust with an escrow agent for purchases of U.S. Government Securities, together with interest earnings and cash on hand to pay the principal, interest and early redemption premium on all refunded bonds referenced above. The \$3,068,473 deferred inflow of resources generated by this refunding will be amortized over the remaining life of the refunded debt. The refunding was designed to restructure debt to effect reduction in overall debt service of \$6,237,910 and to net economic present value debt service savings of \$3,960,472. The Series 2024B Refunding Bonds generated total debt service savings of \$6,237,910 and net present value (npv) savings of \$3,960,472.

The refunded Certificates of Participation relate to governmental activities. At June 30, 2024, \$9,160,000 of the refunded Certificates of Participation outstanding that mature in the years 2025 through 2031 are considered defeased.

Prince George's County, Maryland
Notes Financial Statements

In prior periods, the County defeased or participated in the defeasance of certain long-term bonded debt. The proceeds of new bonds were placed in an irrevocable trust to provide for future debt service payments on the old debt. Accordingly, the trust account assets and the liability for the defeased debt are not included in the County's financial statements. At June 30, 2024, \$277,670,000 of bonds outstanding are considered defeased as follows:

Refunding Date	Remaining Amount	Maturity
September 15, 2011	3,930,000	2025
February 20, 2013	43,085,000	2025-2028
June 7, 2016	26,605,000	2025-2029
August 29, 2017	38,445,000	2025-2032
June 9, 2020	135,420,000	2025-2034
June 7, 2023	30,185,000	2025-2026
	\$ 277,670,000	

(g) Equipment Purchases and Leases

Equipment Purchases

The County entered into agreements with Banc of America Public Capital Corporation, Old Line Bank and WesBanco to finance the purchase of Public Safety and other County agency vehicles and equipment at various times from August 2018 through April 2024.

These agreements qualify as equipment purchases and have been recorded at the present value of their future minimum payments as of the inception date. In April 2024, the County entered into an equipment purchase agreement for \$25,000,000. Of this amount, \$163,020 was spent as of June 30, 2024.

Equipment acquired through financing leases are as follows:

	Governmental Activities	Business-type Activities	Total
Asset:			
Equipment	\$ 145,612,988	6,715,692	152,328,680
Less: Accumulated depreciation	(118,918,253)	(4,313,131)	(123,231,384)
Total	\$ 26,694,735	2,402,561	29,097,296

Prince George's County, Maryland
Notes Financial Statements

The future minimum obligations of these minimum payments as of June 30, 2024, were as follows:

<u>Year ending June 30</u>	Governmental Activities		
	Principal	Interest	Total
2025	\$ 20,116,553	\$ 2,926,032	\$ 23,042,586
2026	19,877,150	2,599,318	22,476,468
2027	16,777,248	2,057,077	18,834,326
2028	14,805,439	1,567,924	16,373,362
2029	14,055,000	1,097,095	15,152,095
2030-2034	18,710,000	850,680	19,560,680
Total minimum payments	<u>\$ 104,341,390</u>	<u>\$ 11,098,127</u>	<u>\$ 115,439,518</u>

Leases – Lessee

The County has entered into various lease agreement as lessee primarily for office space for various terms under long-term, non-cancelable lease agreements. Certain real estate leases require additional payments for common area maintenance, real estate taxes, and insurance, which are expensed as incurred as variable lease payments. For office space leases that include variable payments, those include payments for the County's proportionate share of the building's property taxes, insurance, and common area maintenance. As the interest rate implicit in the County's leases is not readily determinable, the County utilizes its incremental borrowing rate to discount the lease payments. See note 7 for the related assets and amortization for right-to-use assets.

The future principal and interest lease payments as of June 30, 2024, were as follows:

Prince George's County, Maryland
Notes Financial Statements

<u>Year ending June 30</u>	Governmental Activities		
	Principal	Interest	Total
2025	\$ 5,100,680	\$ 116,099	\$ 5,216,779
2026	4,357,707	82,451	4,440,158
2027	3,756,897	56,112	3,813,009
2028	3,285,885	32,175	3,318,060
2029	2,749,736	9,309	2,759,045
Total minimum payments	\$ 19,250,905	\$ 296,146	\$ 19,547,051

<u>Year ending June 30</u>	Business-Type Activities		
	Principal	Interest	Total
2025	\$ 11,582	\$ 139	\$ 11,721

Leases - Lessor

The County leases out some of its buildings and land. Most leases have initial terms from 2 to 24 years with an average length of 10 years and contain one or three more renewals at the County's option for five-year periods. The County has included these renewal periods in the lease term when they are both noncancellable and reasonably certain to be exercised. As the interest rate implicit in the County's leases is not readily determinable, the County utilizes its incremental borrowing rate to discount the lease payments. The future principal and interest lease receivables as of June 30, 2024, were as follows:

Prince George's County, Maryland
Notes Financial Statements

<u>Year ending June 30</u>	Governmental Activities		
	Principal	Interest	Total
2025	\$ 147,884	\$ 1,447	\$ 149,331
2026	69,584	304	69,888
2027	5,257	7	5,264
Total minimum receipts	\$ 222,725	\$ 1,758	\$ 224,483

(h) Compensated Absences and Termination Benefits

County employees are granted vacation and sick leave in varying amounts. In the event of termination, an employee is reimbursed for accumulated vacation in full, and for sick leave in varying amounts based on years of service. Participants in the plans administered by the State Retirement and Pension System of Maryland may apply accrued sick leave as service credits toward retirement. An employee separated or dismissed from County employment is entitled to payment for any accrued, unused annual leave as authorized by the appropriate salary schedule or collective bargaining agreement.

Vested or accumulated vacation and sick leave that relates to employees who terminated employment with the County on or before June 30, 2024, are reported as an expenditure and a fund liability of the governmental fund that will pay it. Amounts of vested or accumulated vacation and sick leave that do not meet the above criteria are not reported in the governmental funds.

For purposes of reporting in the County's government-wide financial statements and the proprietary fund financial statements, vested or accumulated vacation and sick leave are recognized as an expense and liability as the benefits accrue to employees. Current amounts are such amounts expected to be paid within one year.

The liability includes an accrual at the current rate for ancillary salary-related payments (i.e., employer's share of Social Security and Medicare taxes) associated with its ultimate liquidation.

The following is a summary of compensated absences and termination benefits payable at June 30, 2024 (in thousands):

(i) Notes Payable

(i) Purchase Agreement and Certificates of Participation Notes Payable

The County has entered into certain financing/purchasing agreements for the purpose of acquiring real estate, equipment, textbooks, vehicles, and school buses. Under these agreements, the financing amounts are deposited with a fiscal escrow agent who will pay the vendors as the County takes delivery of the assets. The County makes periodic loan repayments directly to the lender over a specified period of time.

The interest rates on all financing/purchasing agreements in force range from 2.0% to 5.0%. The liability for the debt is carried as notes payable in various funds as listed below.

(ii) Maryland Water Quality Financing

On September 25, 2019, the County closed on a \$46.5 million MD Water Quality tax-exempt draw-down note, Note Series 2019A and a \$1.5 million MD Water Quality taxable draw-down note, Note Series 2019B. The interest rate on the tax-exempt note is 0.60%. The interest rate on the taxable note is 0.00%. The taxable note does not have scheduled debt service. Assuming continuous County compliance under

Prince George's County, Maryland
Notes Financial Statements

the trust and loan agreements, the Series 2019B Note is planned to be forgiven after September 25, 2029. Drawdowns will increase the principal outstanding of the Series 2019A note up to \$46.5 million, which, together with the \$1.5 million draw from the Series 2019B note constitute the maximum authorized amount. As of June 30, 2024, the principal amount outstanding is \$42,271,437. There is a debt service reserve fund pledged as security for the loan as well as revenue and annual appropriation pledges. The debt service reserve fund is held by a trustee. The \$1.5 million loan is forgivable under certain conditions and may become payable on demand.

On December 20, 2023, the County closed on a \$65 million Taxable Drawdown Note, Series 2023 issued by the State of Maryland on behalf of the Department of the Environment Water Infrastructure Administration. The interest rate on the taxable note is 1.80%. Drawdowns will increase the principal outstanding of the Series 2023 note up to \$65 million, which constitutes the maximum authorized amount. As of June 30, 2024, the principal amount outstanding is \$28,997,811. There is a debt service reserve fund pledged as security for the loan as well as revenue and annual appropriation pledges. The debt service reserve fund is held by a trustee.

Following is a schedule by year of future principal and interest payments as of June 30, 2024:

Year ending June 30,	Primary Government

*Does not include University of Maryland loan of \$1,418,480

Other General Long-Term Debt Notes Payable

The Primary Government entered into an agreement with The State of Maryland for the Use of the University System of Maryland on behalf of Its Constituent Institution, The University of Maryland, College Park, to convey to Prince George's County, Maryland Property and, in addition, a Utility Relocation Easement in exchange for equal value in the form of certain public works projects to be performed by the County or, alternatively, deferred cash payment by the County. Consummation of the conveyance of the Property occurred on

Prince George's County, Maryland
Notes Financial Statements

November 16, 2016. The parties agreed that the fair market value of the Property and the Easements is \$1,418,480. At any time before the fifth anniversary of the date of Closing, the County may satisfy its payment obligation by identifying, funding, and completing one or more public works and engineering projects that are mutually agreed upon, in writing, by the University, the University System of Maryland, the Maryland Board of Public Works and the County. The cost at completion of the projects will not be less than the FMV plus interest at an annual rate of 2%, compounded annually, on each anniversary of the date of closing. If the County fails to identify, fully fund and commence construction of mutually agreeable projects at a cost at least equal to the FMV by the fifth anniversary of the date of closing, the County shall pay the FMV plus accrued interest to the University. The fifth anniversary has passed, and no discussion of repayment has occurred. At June 30, 2024, \$1,418,480 was outstanding.

(j) Subscriptions Liability

The County has entered into several subscription-based information technology agreements with various providers for the use of their software. These subscriptions expire at various times through 2028. Total future minimum subscription payments under these subscription arrangements are as follows:

<u>Year ending June 30</u>	Governmental Activities		
	Principal	Interest	Total
2025	\$ 1,271,014	\$ 281,339	\$ 1,552,353
2026	3,134,776	167,208	3,301,984
2027	540,277	31,794	572,071
2028	227,763	10,428	238,191
Total minimum payments	\$ 5,173,830	\$ 490,769	\$ 5,664,599

(k) Other Disclosures Related to Long-Term Liabilities

Internal service funds predominantly serve the governmental funds. Accordingly, long-term liabilities for internal service funds are included as part of the governmental activities. At year-end, \$1,438,904 (\$1,346,508 within one year, and \$92,396 due in more than one year) of internal service fund compensated absences are included in governmental activities. For the remainder of compensated absences, the General Fund normally liquidates over 90 percent, and the remainder is liquidated by the Federal and State Aided Programs Special Revenue Fund. Also, for governmental activities net pension liabilities, net other post-employment benefit liabilities, and lease and subscription liabilities are generally liquidated by the General Fund. Estimated liability on pending claims and judgments is reported in risk management internal service funds and will be liquidated by those funds. Notes payables are generally liquidated by the General Fund with the exception of the Commercial Building

Prince George's County, Maryland
Notes Financial Statements

Loan Fund which is liquidated by the Federal and State Aided Programs Special Revenue Fund. The County has issued certificates of participation (COPs) for the following purposes and maturities:

Purpose	Maturity
Public Safety - Essential Equipment	2024-2028
Regional Health Facilities and Revenue Authority	2024-2048
Public Infrastructure Improvements	2024-2038

The County has entered into direct loans with the Maryland Water Quality Financing Administration, which have maturities between 2024 and 2054.

The County has provided a debt service reserve fund (DSRF) make-up provision for the \$68.8 million Special Obligation Refunding Bonds (National Harbor Project) Series 2022. The County has pledged to replenish any DSRF draws in the subsequent fiscal year. The primary security is comprised of tax-increment and special obligation revenues, which have always been sufficient to pay debt service. The \$3.9 million DSRF has never required replenishment.

Due to the steady rise in insurance premiums for the Volunteer Fire Workers' Compensation, Risk Management recognized the need to change the program from a fully insured based program to a claim paid and administered program. The Vol. Fire WC program established a bank Letter of Credit (LOC) of \$6,778,313. There is no balance on the LOC at June 30, 2024.

(9) Risk Management

Details of estimated liabilities on pending claims, by fund, at June 30, 2024, are as follows:

	Risk Management Pools	Other Self-Insurance	Total
Internal Service Funds:			
Unemployment Compensation	\$ -	\$ 135,026	\$ 135,026
Property Loss	449,782	-	449,782
Automobile Liability	6,239,764	-	6,239,764
Workers' Compensation	182,270,984	-	182,270,984
General Liability	15,890,705	-	15,890,705
Life and Health Benefits	-	5,430,000	5,430,000
Total Primary Government	\$204,851,235	\$ 5,565,026	\$210,416,261

The Primary Government, together with the Board of Education, the Board of Trustees for Prince George's Community College, and the Board of

Prince George's County, Maryland
Notes Financial Statements

Trustees of Prince George's County Memorial Library are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The County maintains various pooled risk management Internal Service Funds (comprised of the above-mentioned members) to account for and finance its uninsured losses. Under this program, the County is an approved self-insurer by the State of Maryland. Property coverage is self-insured for \$500,000 per incident with excess insurance above this level provided by Travelers, which includes replacement values of both structures and contents. Liability coverage is self-insured. The County and Library have a liability limit under the Maryland Local Government Tort Claims Act of \$400,000 per person not to exceed \$800,000 per incident. The Board of Education retains immunity over \$400,000 and the College, \$100,000 per incident. These limits do not apply to claims brought under Federal jurisdiction.

Participants of the risk management pools normally make contributions based upon prior experience with evaluations conducted annually by an actuary. In fiscal year 2024, the Primary Government made contributions amounting to \$83,125,200. In fiscal years 2022, 2023 and 2024 there was one, two and one claim paid, respectively, in an amount that exceeded the Local Government Tort Claims Act (LGTCA) limits. There were two (2) claims paid in fiscal year 2023 and one (1) in fiscal year 2024, that were in excess of the LGTCA limits. The funds do not utilize annuity contracts from commercial insurers; therefore, all known liabilities have been disclosed during this reporting period.

The total claims liability of \$204,851,235 reported for the risk management pools at June 30, 2024, is based upon the requirements of GAAP, which requires that a liability for claims be recognized if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated, including claims incurred but not reported. The liability estimates are supported by an independent actuarial review made as of June 30, 2024. The funds do not utilize annuity contracts from commercial insurers; therefore, all known liabilities have been disclosed during this reporting period. Changes in the funds' claims liability amounts in fiscal years 2023 and 2024 were as follows:

	Balance at Beginning of Fiscal Year	Current Year Claims and Changes in Estimates	Claim Payments	Balance at End of Fiscal Year
Fiscal year 2023	\$ 175,180,190	\$ 82,699,014	\$ (59,884,864)	\$ 197,994,340
Fiscal year 2024	197,994,340	64,155,369	(57,298,474)	204,851,235

The following is a summary of the fiscal year 2024 claims expense by fund:

Prince George's County, Maryland
Notes Financial Statements

	Total Claim Payments	Liability on Pending Claims Adjustment	Total Claims Expenses
Property Loss Fund	\$ 1,012	\$ 164,800	\$ 165,812
Auto Liability Fund	2,191,369	1,277,053	3,468,422
Workers' Compensation Fund	51,956,972	5,906,638	57,863,610
General Liability Fund	3,149,121	(491,596)	2,657,525
	\$ 57,298,474	\$ 6,856,895	\$ 64,155,369

The Primary Government maintains separate Internal Service Funds for unemployment compensation and life and health benefits. An independent actuary is involved in evaluating contribution levels and estimated claims Life and Health Benefits. Changes in these funds' claims liability amount in fiscal years 2023 and 2024 were as follows:

	Balance at Beginning of Fiscal Year	Current Year Claims and Changes in Estimates	Claim Payments	Balance at End of Fiscal Year
Fiscal year 2023	\$ 4,858,920	\$ 71,811,477	\$ (71,624,626)	\$ 5,045,771
Fiscal year 2024	5,045,771	76,971,821	(76,452,566)	5,565,026

(10) Pension Plans

(a) Primary Government

Employees of the Primary Government participate in the following pension plans:

- The majority of employees participate in the statewide local government retirement system pension plan listed below. It is a cost-sharing, multiple-employer, defined benefit pension plan administered by the Maryland State Retirement and Pension System (MSRPS)], in accordance with Article 73B of the annotated Code of Maryland.
- Employees Retirement and Pension System of Maryland

Public safety employees of the Primary Government may participate in the following single-employer, defined benefit pension plans:

- Police Pension Plan
- Fire Service Pension Plan

Prince George's County, Maryland
Notes Financial Statements

- Deputy Sheriffs' Comprehensive Pension Plan
- Correctional Officers' Comprehensive Pension Plan

Qualified employees can also supplement the State Retirement and Pension System plan with one of the following single-employer, defined benefit "Supplemental Plans":

- Deputy Sheriffs' Supplemental Pension Plan
- Correctional Officers' Association Supplemental Pension Plan
- AFSCME Local 241 (Crossing Guards) Supplemental Pension Plan
- AFSCME Local 2462, and 2735 Supplemental Pension Plan
- General Schedule Employees Supplemental Pension Plan
- Fire Civilian Supplemental Pension Plan
- Police Civilian Supplemental Pension Plan

(i) Plans Administered by the State Retirement and Pension System of Maryland (MSRPS) - [Multiple-employer, Cost-sharing, Defined Benefit Pension Plans]

Qualified full-time and permanent part-time general service employees and officers of the Primary Government participate in the statewide Retirement System or Pension System plans administered by the MSRPS. Effective June 1, 1984, employees who were members of a Retirement System on December 31, 1979, could elect to join a Pension System or remain in a Retirement System. All employees hired on or after January 1, 1980, are required to join the Pension System. All MSRPS plans have provisions for early retirement, death, and disability benefits.

Article 73B of the Annotated Code of Maryland assigns the authority to establish and amend benefit and contribution provisions to SRPS' Board of Trustees. MSRPS issues a publicly available financial report that includes financial statements and required supplementary information on the Plans. Requests for copies of annual financial reports should be addressed to MSRPS' administrative offices located at 120 East Baltimore Street, Baltimore, Maryland 21202, or can be made by telephoning (410) 625-5555 or 1-800-492-5909.

Participants of the Pension System plan contribute 5% of earnings above the Social Security wage base and may retire with full benefits after 30 years of service regardless of age or at age 62 or older with specified years of service. Retirement benefits are based on the participant's highest average annual compensation during any 3 consecutive years of credited service.

Participants of the Retirement System plan contribute 7% of annual compensation and upon retirement are entitled to unlimited cost-of-living adjustments or a contribution of 5% of annual compensation and upon retiring are limited to 5% cost-of living increases annually. Retirement System participants may retire with full benefits after attaining age 60, or after completing 30 years of service, regardless of age. Annual retirement benefits are equal to 1/55 of the average of the participant's three highest years of annual compensation, multiplied by the number of

Prince George's County, Maryland
Notes Financial Statements

years of credited service. The Primary Government made the actuarially required contributions of \$20,181,091 for fiscal year 2024.

(ii) Police, Fire Service, Deputy Sheriff's, Correctional Officers', and Supplemental Pension Plans [Single-Employer, Defined Benefit Pension Plans]

Plan Descriptions

The Primary Government has adopted the Police Pension Plan, Fire Service Pension Plan, Deputy Sheriff's Comprehensive Pension Plan, Correctional Officers' Comprehensive Pension Plan, Deputy Sheriff's Supplemental Pension Plan, Correctional Officers' Association Supplemental Pension Plan, AFSCME Local 241 (Crossing Guards) Supplemental Pension Plan, AFSCME Locals 1691, 2462, and 2735 Supplemental Pension Plan, General Schedule Employees Supplemental Pension Plan, Fire Civilian Supplemental Pension Plan, and Police Civilian Supplemental Pension Plan. The Pension Plans provide retirement and disability benefits for all full-time employees. Administrative, investment, and member benefit service responsibilities are provided by a separate Board of Trustees for each Plan.

Such Trustees have the authority to amend benefit provisions and contribution requirements. Currently, each Plan has the same Retirement Administrator, who is an employee of the Primary Government.

Normal retirement is at age 55 or after 20 years of service for firefighters, paramedics, deputy sheriffs and correctional officers under the Comprehensive Plans. Police officers hired after June 30, 2017, are eligible to retired with 25 years of services. For AFSCME Local 241 (Crossing Guards), AFSCME Locals 2462 and 2735, general schedule employees, and deputy sheriffs under the supplemental plan, normal retirement age is the earliest of age 62 with 5 years of service, age 55 with 15 years of service, any age with 30 years of service, or 25 years of service for deputy sheriffs. For correctional officers under the supplemental plan, normal retirement is the earliest of age 60 or 25 years of County service.

Retirement benefits are calculated as a percentage of average compensation, with such percentage determined by length of credited service up to a maximum of 85% for 30 years of service for police officers, firefighters, paramedics, deputy sheriffs, and correctional officers under the Comprehensive Plans. For general schedule, fire civilian employees, AFSCME Locals 2462, and 2735, and police civilian employees the maximum retirement benefit is 30% for 30 years of service, 22.5% for 30 years of service for AFSCME Local 241 (crossing guards), 36% for 30 years of service for deputy sheriffs, and 38.75% for 30 years of service for correctional officers under the Supplemental Plans.

The Pension Plans are classified by the Primary Government as Pension Trust Funds and separate financial statements are prepared using the accrual basis of accounting. Employee and employer contributions are recognized as revenue in the period in which employee services are performed and expenses, benefits, and refunds are recognized when corresponding liabilities are incurred, regardless of when payment is made. Investments of the pension funds, represented by equity in pooled pension trust funds and cash and investments are carried at fair value as reported by the investment managers. Complete separate financial statements may be obtained at the following address: Prince George's County Office of Human Resource Management, 1400 McCormick Drive, Room 110, Largo, Maryland 20774.

Funding Policy

Contributions to the Plans for 2024 were made in accordance with actuarially determined requirements computed through an actuarial valuation performed as of July 1, 2022. The Primary Government's fiscal year 2024 total payroll was \$730,661,799. Employee contribution rates are

Prince George's County, Maryland
Notes Financial Statements

determined by collective-bargaining agreements or by the Board of Trustees for each Plan. Participant contributions are included in the plan assets and are 100% vested with the employee. Upon termination of employment, a participant may elect to receive a refund of contributions; if there has been at least five years of credited service, the participant may instead elect a retirement annuity upon attaining retirement age. Participants begin vesting in employer contributions after 5 years of credited service.

The contribution rates as a percentage of covered payrolls during fiscal year 2024 were as follows:

	July 1, 2023 to June 30, 2024		
	Employee Rates	Employer Rates	Covered Payroll
Comprehensive Plans:			
Police	7.41 %	69.73 %	\$ 155,134,097
Fire Service	8.23	64.74	92,307,508
Deputy Sheriff's	10.67	63.87	22,319,966
Correctional Officers'	12.97	69.73	25,630,718
Supplemental Plans:			
Deputy Sheriff's	5.20	\$ 936,400 *	-
Correctional Officers'	5.75	0.00	601,655
Crossing Guards	4.55	5.80	1,684,382
AFSCME	1.48	6.72	76,426,207
General Schedule	3.92	8.73	159,476,413
Fire Civilian	10.93	28.11	4,361,187
Police Civilian	6.19	7.37	26,649,858

*Employer contribution is a fixed dollar amount.

For the Police Pension Plan, officers hired on or before July 1, 2013, contribute 10% for the first five years, 9% for the second five years and 7.70% thereafter. Officers hired after July 1, 2013, contribute 10% of pay.

For the Fire Service Pension Plan, members hired before July 1, 2008, contribute 7% of basic compensation and members hired on or after July 1, 2008, contribute 10% of basic compensation. For the Deputy Sheriffs' Pension Plan, 10% of base pay (11% of base pay for employees hired on or after July 1, 2005). For the correctional Officers Pension Plan, 12% of base pay (13% of base pay for officers hired on or after July 1, 1995). Participant information is as follows:

Prince George's County, Maryland

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred inflows of Resources Related to Pensions:

At June 30, 2024, the County reported a liability of \$164,578,040 for its proportionate share of the net pension liability of the MSRPS. The net pension liability was measured as of June 30, 2023, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. As of June 30, 2024, the County's proportionate share was 0.7146% a decrease of .310 % from prior year.

At June 30, 2024, the County reported a liability of \$1,920,701,752 for its other County Plans. The total pension liability, net pension liability, and certain sensitivity information shown in this report are based on an actuarial valuation performed as of July 1, 2023. The total pension liability was rolled forward from the valuation date to the plan year ending June 30, 2024, using generally accepted actuarial principles.

For fiscal year ended June 30, 2024, the County recognized pension expense of \$384,809,706 from the County and State plans as follows:

Prince George's County, Maryland

Actuarial Assumptions

Mortality rates were based on Pub-2010 Mortality Tables with projected generational mortality improvements based on the MP-2018 fully generational improvement scale. The economic and demographic actuarial assumptions used in the June 30, 2021, valuation was adopted by the System's Board of Trustees based upon review of the System's experience study for the period 2014-2018, after completion of the June 30, 2019, valuations. Assumptions from the experience study including investment return, inflation, COLA increases, mortality rates, retirement rates, withdrawal rates, disability rates and 2018 salary increase were adopted by the Board for the first use in the actuarial valuation as of June 30, 2019. As a result, an investment return assumption of 6.80% and an inflation assumption of 2.25% were used in the June 30, 2022, valuation for the MSRPS.

The total pension liability in the actuarial valuations was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Prince George's County, Maryland
Notes Financial Statements

MSRPS Plan		County Plans	
Valuation Date	June 30, 2023	Valuation Date	July 1, 2023
Measurement Date	June 30, 2023	Measurement Date	June 30, 2024
Inflation	2.25% general, 2.75% Payroll growth rate	Inflation	2.5% general, 3.25% Payroll growth rate, 2.75% general Supplemental
Salary Increases	2.75% - 11.25%, inflation	Salary Increases	2.75% - 10.50%
Investment Rate of Return	6.80%	Investment Rate of Return	6.75%, net of investment expense, including inflation
<p>Experience-based table of rates that are specific to the type of eligibility condition. The long-term expected rate of return on pension plan investments are determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Best estimates of arithmetic real rates of return for each major class included in the pension plan's target asset allocation are presented in the table below:

Prince George's County, Maryland
Notes Financial Statements

Asset Class	MSRPS		Asset Class	Police and Fire Service Plans			Other Comprehensive and Supplemental Plans		
	Target Allocation	Long-Term Expected Real Rate of Return		Target Allocation	Long-Term Expected Real Rate of Return	Asset Contribution	Target Allocation	Long-Term Expected Real Rate of Return	Asset Contribution
Public Equity	34.00%	6.90%	Domestic Equity	22.50%	7.50%	1.69%	21.50%	7.50%	1.61%
Private Equity	16.00%	8.60%	International Equity	22.50%	8.50%	1.91%	21.50%	8.50%	1.83%
Rate Sensitive	20.00%	2.60%	Domestic Bonds (1)	15.00%	2.50%	0.38%	18.00%	2.50%	0.45%
Credit Opportunity	9.00%	5.60%	International Bonds	5.00%	3.50%	0.18%	4.00%	3.50%	0.14%
Real Assets	15.00%	5.40%	Real Estate	10.00%	4.50%	0.45%	10.00%	4.50%	45.00%
Absolute Return	6.00%	4.40%	Alternative Assets (2)	25.00%	6.17%	1.53%	25.00%	6.00%	1.49%

(1) The long-term real return expectations removes the 2.5% inflation rate embedded in each nominal return assumptions.

(2) The 25% Alternative Assets long-term real return assumption represents a relational combination of the remaining 73.5% of the policy target.

* The Long Term Expected Real Rate of Return is an arithmetic calculation

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. For the year ended June 30, 2024, the money-weighted weight of return on pension plan investments, net of pension plan investment expense, for the Police, Fire Service, Other Comprehensive and Supplemental Plans and MSRPS was 9.18%, 9.25%, 8.08%, and 3.11%, respectively.

Discount Rate

Single discount rates of 6.80% and 6.75% were used to measure the total pension liability for the MSRPS and Other County Plans, respectively. The single discount rates were based on the expected rate of return on pension plan investments. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate.

Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the Net Pension Liability

Regarding the sensitivity of the net pension liability to changes in the single discount rate, the following table presents the plan's net pension liability, calculated using single discount rate that is 1-percent-point lower or 1-percentage-point higher:

Prince George's County, Maryland
Notes Financial Statements

Sensitivity of Net Pension (Asset) Liability to the Single Discount Rate Assumption

Plan	Current Single Discount Rate (SDR) Assumption	1% Decrease	SDR	1% Increase
MSRPS	6.80%	\$ 244,035,924	\$ 164,578,040	\$ 98,641,764
Police	6.75%	1,333,891,574	1,032,582,607	784,034,145
Fire Service	6.75%	630,798,472	480,194,743	356,091,904
Deputy Sheriffs' Comprehensive	6.75%	160,164,110	126,821,775	99,164,138
Correctional Officers' Comprehensive	6.75%	201,793,402	157,225,046	120,220,997

Police Civilian	6.75%	20,405,445	13,517,141	7,812,910
		<u>\$ 2,755,980,054</u>	<u>\$ 2,085,279,762</u>	<u>\$ 1,530,147,465</u>

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's net position is available in the separately issued financial reports. The MSRPS plan may be obtained on the Internet at <https://sra.maryland.gov/annual-financial-reports>; by writing to the MSRPS at 120 East Baltimore Street, Baltimore, Maryland 21202; or by calling (410)- 625-5555 or 1-800-492-5909. The County's other reports may be obtained by contacting the Prince George's County Office of Personnel at 1400 McCormick Drive, Room 110, Largo, Maryland 20774.

(b) Component Units

Generally, all employees of the Board of Education, the Housing Authority, the Community College, the Memorial Library, and certain employees of the PGCTV participate in one of the statewide Employee's Retirement and Pension Systems or Teacher's Retirement and Pension Systems. Information covering the Housing Authority and PGCTV is included with the Primary Government because those individuals are also employees of the Primary Government. Separate financial statements prepared for the Board of Education, Memorial Library, and Community College, are available to the general public [see note 1(a)] and reflect detailed information relevant to their participation in MSRPS. Additional MSRPS information is included in the table below:

Prince George's County, Maryland
Notes Financial Statements

	Board of Education	Community College	Memorial Library
Proportionate share of MSRPS	0.95500%	0.01620%	0.016820%
Net Pension Liability	\$ 219,998,433	\$ 3,737,497	\$ 3,873,555
Pension Expense	29,206,684	336,579	957,200
Deferred Outflows	80,629,971	1,906,522	862,036
Deferred Inflows	18,994,997	1,692,741	211,967

The State of Maryland is required to contribute certain amounts to the Teacher's Retirement and Pension Systems on behalf of the Board of Education, Community College, and Memorial Library. Such contributions, made by the State on behalf of these Component Units during fiscal year 2024 amounted to \$109,260,057, \$5,556,063 and \$2,208,193, respectively, and are reflected in the Component Units' financial statements.

In addition to the statewide plans mentioned above, the Community College also offers to its employees two single-employer, defined contribution pension plans. The State of Maryland made "on behalf" employer contributions totaling \$1,376,330 to these plans during fiscal year 2024. The Revenue Authority established a single-employer, defined contribution pension plan for its employees on July 1, 1987. Detailed information concerning these plans may also be obtained from the separately issued financial reports of these Component Units.

(11) Postemployment Benefits Other Than Pensions

(a) Plan Description and Accounting Policies

Prince George's County, Maryland (the County) extends certain health care and life insurance benefits to retired persons. The legal authority for providing these benefits was established by the Prince George's County Council (the Council); Executive Orders 42-1980 and 43A-1980, "Continuation of Life and Health Benefits at Retirement," and certain collective bargaining agreements. The Prince George's County Maryland Other Postemployment Benefit Plan (the OPEB Plan) is a single-employer defined benefit health care plan. All State Retirement and Pension System of Maryland (SRPS) and Comprehensive Pension Plan (Police, Fire Service Correctional Officers', and Deputy Sheriffs') retirees who are enrolled in a qualified plan at the time of retirement are eligible for medical insurance, vision care, prescription, and reduced coverage life insurance benefits. The OPEB Plan also includes employees of the Prince George's Memorial Library and the Housing Authority of Prince George's County. A description of the types of benefits and eligibility requirements is summarized as follows:

Medical Insurance

Prince George's County, Maryland
Notes Financial Statements

- All State Retirement and Pension System of Maryland, Police, Fire Service, Correctional Officers' Comprehensive, and Deputy Sheriffs' Comprehensive Pension Plan retirees who are enrolled in a qualified plan at the time of retirement may continue this benefit.

Life Insurance

- Reduced coverage is available to all State Retirement and Pension System of Maryland, Police, Fire Service, Correctional Officers' Comprehensive, and Deputy Sheriffs' Comprehensive Pension Plan retirees.

Vision Care and Prescription Drug Insurance

- The County pays premium costs of this benefit for Police, Fire Service, Correctional Officers' Comprehensive, and Deputy Sheriffs' Comprehensive Pension Plan retirees. State Retirement and Pension System of Maryland retirees pay 100% of the monthly cost for vision care and 75% for prescription insurance. The County pays the remaining 25% of prescription coverage.

The Plan is classified by the Primary Government as a Trust Fund and separate financial statements are prepared using the accrual basis of accounting. Complete separate financial statements may be obtained at the following address: Prince George's County Office of Personnel, 1400 McCormick Drive, Room 110, Largo, Maryland 20774.

Membership in the plan consisted of the following based on the July 1, 2022, valuation data rolled forward to June 30, 2024:

Active	7,064
Retired	<u>4,424</u>
Total participants	<u>11,488</u>

(b) Funding Policy

The County negotiates the contribution percentages between the County and the plan members through union contracts and personnel policy. A non-public safety and public safety retiree pay the same percentage of the premium contribution for the HMOs (20%), POS/PPO (25%), and dental (100%) plans. Non-public safety retirees pay 10% to 100% of the premium cost for each of the prescription and vision plans, whereas the public safety retirees pay 1% to 10% of the premium contribution for each of the same two plans. The public safety group bargained these premium contributions for the retirees of this group during prior bargaining negotiations. The premium contribution share outlined above applies to a retiree who qualifies for retirement under their specified pension plan and is enrolled in the plans at the time of retirement. The County contribution is based on projected pay-as-you-go financing requirements with an additional amount to prefund benefits as approved in the annual budget. The County contributed \$62 million, during fiscal year 2024 for current employer premiums (approximately 78% of total premium contributions). Plan members contributed \$17 million (approximately 22% of total premium contributions) to the OPEB Plan.

Prince George's County, Maryland
Notes Financial Statements

(c) Other Postemployment Benefit (OPEB) Expense, Liability and Deferred Outflows/Inflows of Resources

The net OPEB liability was measured as of June 30, 2024, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2022. The County's proportionate share of the net OPEB liability was based on a projection of the County's long-term share of contributions to the OPEB plan relative the projected contribution of all participating agencies. The County's proportionate share was \$1,659,183,000 or 97%.

The OPEB plan liability was allocated as follows (in thousands):

	<u>County</u>	<u>Library</u>	<u>Housing</u>	<u>Total</u>
Total OPEB liability				
Service cost	\$ 52,393	\$ 410	\$ 1,198	\$ 54,001
Interest	65,773	503	1,185	67,461
Changes of benefit terms	-	-	-	-
Differences between expected and actual experience	37,158	322	257	37,737
Changes of assumptions	(90,458)	(560)	(1,442)	(92,460)

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows (in thousands):

<u>Fiscal Year Ending June 30,</u>	<u>County</u>	<u>Library</u>	<u>Housing</u>
2025	\$ (46,600)	\$ (1,313)	\$ 3
2026	(44,829)	(1,300)	3
2027	(46,805)	(1,270)	7
2028	(37,776)	(1,136)	27
2029	(50,546)	(1,186)	(259)
Thereafter	(191,601)	(3,637)	(797)

(d) Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefits costs between employers and plan members to that point.

Prince George's County, Maryland
Notes Financial Statements

The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The actuarial assumptions used in the latest valuation are as follows:

Valuation Date	6/30/2022
Measurement Date	6/30/2024
Actuarial Cost Method	Entry Age Normal
Discount Rate	3.93%
Municipal Bond Rate Basis	Bond Buyers General Obligation 20 year Municipal Bond Index
Expected Return on Assets	7.00%
Salary Increases	2.75% - 10.50%, depending group and length of service
General Inflation	2.30%
Census Data	7/1/2022
Plan Changes	None
Pre-retirement	Healthy and Disabled
Mortality Rates	Pub-2010, "General" Classification, Employees and Healthy Annuitant Mortality Table, projected using scale MP-2021,sex-distinct Pub-2010, "General" Classification, Survivor Beneficiary Mortality Table, projected using scale MP-2021,sex-distinct Disabled mortality is assumed to be Pub-2010 Disable Retirement Mortality Table, projected using scale MP-2021, sex-distinct

Health care cost trend rates:

Medical /Prescription Pre-65	Initial	Ultimate
Medical	7.25%	4.50%
Rx	9.00%	4.50%
Composite	7.40%	4.50%
Medical /Prescription Post-65	Initial	Ultimate
Medical	6.00%	4.50%
Rx	9.00%	4.50%

Actuarial valuations of the OPEB Plan involve estimates of the value of reported amounts and assumptions about the probability of future events. Actuarially determined amounts are subject to revisions as actual results are compared to past expectations and new estimates are made about the future. Required supplementary information following the notes to the financial statements, present multiyear trend information.

The net OPEB liability was calculated using a discount rate of 3.93%. The following presents the plan's net OPEB liability calculated using a

Prince George's County, Maryland
Notes Financial Statements

discount rate that is 1-percent-point lower or 1-percentage-point higher. The health care rate shows what the net OPEB liability would be if health care trend rates were applied at 1-percent-point lower or 1-percentage-point higher than the current healthcare trend rates.

Based on these assumptions, the OPEB Fund's fiduciary net position was projected to be insufficient to make all projected future benefit payments current plan members.

Therefore, the long-term expected rate of return on OPEB Plan investment was blended with a municipal bond rate and the blended rate was applied to all periods of projected benefit payments to determine the OPEB liability. The municipal bond rate was 3.65% which was based on the Bond Buyer GO 20-Bond (BBGO20) municipal bond index on the date nearest the valuation date rounded to the nearest 25 basis points. The BBGO20 index represents the return on a portfolio of approximately 20 general obligation bonds that mature in about 20 years with an average rating of Aa2 or AA.

Sensitivity of Net OPEB Liability to Changes in the Discount Rate Assumption for Plan (In thousands)			
	1% Decrease 2.93%	Current Rate 3.93%	1% Increase 4.93%
Net OPEB Liability	\$ 2,070,936	\$ 1,705,981	\$ 1,425,513
Sensitivity of Net OPEB Liability to Changes in the Discount Rate Assumption for County (In thousands)			
	1% Decrease 2.93%	Current Rate 3.93%	1% Increase 4.93%
County OPEB	\$ 2,014,127	\$ 1,659,183	\$ 1,386,409
Sensitivity of Net OPEB Liability to Changes in the Healthcare Cost Trend Rates for Plan (In thousands)			
	1% Decrease 3.50%	Trend Rate 4.50%	1% Increase 5.50%
Net OPEB Liability	\$ 1,393,836	\$ 1,705,981	\$ 2,119,412
Sensitivity of Net OPEB Liability to Changes in the Healthcare Cost Trend Rates for Plan (In thousands)			
	1% Decrease 3.50%	Trend Rate 4.50%	1% Increase 5.50%
County OPEB	\$ 1,355,601	\$ 1,659,183	\$ 2,061,273

The OPEB money weighted rate of return, net of investment expense for the year ending June 30, 2024 was 10.10%.

Prince George's County, Maryland
Notes Financial Statements

(e) Component Units

The Housing Authority and the Memorial Library participate in the County's retiree life and health insurance benefit plan. Fiscal year 2024 employer contributions to the Plan by the Housing Authority and the Memorial Library were \$87,000 and \$635,394 respectively. The Board of Education and the Community College operate separate retiree benefit plans. The Board of Education paid \$15 million to the OPEB Trust Fund with \$58.3 million towards retiree healthcare costs and recognized a Net OPEB Liability of \$2.8 billion in fiscal year 2024. The Community College contributed \$4.0 million in employer contribution with a Net OPEB Liability of \$6.9 million. Separate financial statements prepared for the Board of Education, Housing Authority, Memorial Library, and Community College, are available to the general public [see note 1(a)] and reflect detailed information relevant to their OPEB plans.

(f) Other Benefits - LOSAP

General Pension Information: Pension Plans Plan description: The Prince George's County Length of Service Award Program (LOSAP) is a single-employer defined benefit retirement plan administered by Prince George's County, Maryland. The LOSAP was established and operates under the provisions of Prince George's County, MD Code Sec. 11-328.

It was established in 1974 and last amended under CB-22-2014 effective July 1, 2014. Separate financial statements for the program are not issued.

Benefits provided: Under the LOSAP, participants become vested after 25 years of certified active service beginning at age 55. A volunteer at age 55 with less than 25 years' active service, who is disabled in the line of duty based on Workers Compensation determination (see Section 2.1.4) will receive benefits equal to the benefits of a qualified volunteer at age 55 and with 25 years of service. A death benefit equals to 50% of the volunteer's benefit is paid to the designated beneficiary. In addition, \$5,000 is paid to the designated beneficiary for burial expenses. Participants aged 55 years with 25 years of eligibility service are entitled to a normal retirement benefit. Effective January 1, 1991, and thereafter volunteers and spouses receiving benefits under this Act shall receive a cost of living (COLA) increase. The monthly amount representing 1% of the current starting salary of a trainee cannot exceed \$770.25 based on limitations presented in the County Code. All benefits are paid from the Fire and Rescue Reserve Fund as they become due. This is an unfunded program; therefore, there are no assets in the program.

Employees covered by benefit terms: At June 30, 2022, the following employees were covered by the benefit terms:

Inactive plan members or beneficiaries currently receiving benefits	659
Inactive plan members entitled to but not yet receiving benefits	118
Active plan members	1,102
	1,879

Prince George's County, Maryland
Notes Financial Statements

Total Pension Liability - LOSAP

The County's total pension liability of \$96,340,070 was determined by an actuarial valuation as of June 30, 2022, rolled forward to June 30, 2024, using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date	June 30, 2022
Measurement Date	June 30, 2024
Actuarial Cost Method	Entry Age Normal
Discount Rate	3.97% for the measurement date as of June 30, 2023
Retirement Age	100 percent of the members are assumed to commence benefits at the earliest eligibility of: <ol style="list-style-type: none"> 1. Age 55 with 25 years of LOSAP service 2. Age 70 with 10 years of LOSAP service
Mortality	<p>For Post retirement non-disabled: Pub-2010 Healthy Retiree Mortality Table (for Safety Employees). Sex distinct. For Post-retirement disabled: Pub-2010 Disabled Retiree Mortality Table (for Safety Employees), sex distinct. For Pre-retirement non-service connected: Pub-2010 Employee Mortality Table (for Safety Employees), sex distinct. For Pre-Retirement service connected: 10% of the rates from the Pub-2010 Employee Mortality Table (for Safety Employees), sex distinct.</p> <p>The mortality tables are based on Prince George's Fire Service Pension Plan actuarial valuation assumptions. The rates are projected from 2010 using projection scale MP-2021 (generational mortality) and therefore include a provision for future mortality improvement.</p> <p>Because gender was not provided for most active members, mortality rates for active members follow applicable tables above with a unisex mix of 65% male and 35% female.</p>
Other information:	
Cost of Living	2% annual cost-of-living increases are assumed for beneficiaries.

Discount Rate

The rate at the end of the year is the fixed-income municipal bonds rate with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-Year Municipal GO AA Index" as of June 30, 2024, which was 3.97%. In describing this index, fidelity notes that the municipal curves are constructed using option-adjusted analytics of a diverse population of over 10,000 tax exempt securities.

Prince George's County, Maryland
Notes Financial Statements

Sensitivity of the Total Pension liability to a Single Discount Rate

Regarding the sensitivity of the total pension liability to changes in the single discount rate, the following presents the plan's total pension liability, calculated using single discount rate that is 1-percent-point lower or 1-percentage-point higher:

	Current Single Discount Rate (SDR) Assumption	2.97% 1% Decrease	SDR	4.97% 1% Increase
Total Pension Liability	3.97%	\$ 110,892,329	\$ 96,340,070	\$ 84,495,729

Changes in the Total Pension Liability

	Total Pension Liability
	(A)
Balance as of June 30, 2023	\$ 103,913,778
Service Cost	424,973
Interest	3,918,163

Balance as of June 30, 2024	\$ 96,340,070

There are no separately issued financial reports for the LOSAP.

For the year ended June 30, 2024, the County recognized LOSAP pension adjustment of \$(16,953,090).

Prince George's County, Maryland
Notes Financial Statements

The County reported deferred outflows and inflows of resources related to LOSAP from the following sources:

	Deferred Outflow of Resources	Deferred Inflow of Resources	Net Outflow/Inflow of Resources
Difference between expected and actual experience	\$ 1,548,341	\$ 1,306,924	\$ 241,417
Changes in assumptions	-	1,985,142	(1,985,142)
	\$ 1,548,341	\$ 3,292,066	\$ (1,743,725)

Amounts reported as deferred outflows and inflows of resources related LOSAP will be recognized as LOSAP pension expense as follows:

<u>Year Ended June 30,</u>	<u>Net Deferred Outflows (Inflows) of Resources</u>
2025	(2,016,701)
2026	272,976
Total	\$ (1,743,725)

(12) Deferred Compensation Plans

The County offers its employees various Deferred Compensation Plans, which have been created in accordance with Internal Revenue Code Section 457. The plans permit employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or an unforeseen emergency. All assets and income deferred by County plan participants are held by a third party for the exclusive benefit of the participants and their beneficiaries and are not reflected in the accompanying financial statements.

Prince George's County, Maryland
Notes Financial Statements

(13) Conduit Debt Transactions

The County encourages private industry to locate and remain in the County by, among other things, the issuance of tax-exempt Economic Development Revenue Bonds, which bear the County's name and benefit the private enterprise. The funds provided from the sale of such debt are used for the public interest, such as for hospital construction or expansion of private businesses to increase employment and the County's tax base. These bonds do not constitute indebtedness or a charge against the general credit or taxing power of the County. The bond indentures explicitly state the absence of any legal obligation by the County to repay the indebtedness. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of June 30, 2024, there were one hundred and seventy-four series of Economic Development Revenue Bonds outstanding. The aggregate principal amount, for the one series issued after July 1, 1995, that remain outstanding, is \$50,970,000. The aggregate principal amount payable on June 30, 2024, for the one hundred and sixty-eight series issued prior to July 1, 1995, could not be determined; however, their original issue amounts totaled approximately \$1.1 billion.

Prince George's County, Maryland
Notes Financial Statements

(14) Special Taxing Districts

The County has issued various special taxing district bonds pursuant to Section 10-279 of the Prince George's County Code and Section 9-1301 of Article 24 of the Annotated Code of Maryland. Neither the full faith and credit nor the taxing power of the County is pledged for the payment of these bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. Details of the outstanding debt as of June 30, 2024, are as follows:

Bond	Project	Issuance Date	Amount		Maturity
			Issued	Outstanding

(15) Fund Balance Policy and Reporting

The County has not adopted a minimum fund balance policy for its governmental funds. When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, and then unrestricted resources as they are needed, except for capital projects which use unrestricted resources first. Furthermore, within the unrestricted fund balance the County will apply expenditures against committed, then assigned, and then unassigned amounts.

Stabilization Arrangement - Per voter referendum and Council Bills (CB-81-1992 & CB-6-2003) the County is required to maintain a Charter Mandated contingency reserve equal to 5% of the annual budget. Funds can only be used to meet a public emergency, which constitutes a sudden, unexpected or unforeseen condition or occurrence, creating an imminent hazard to life, health or property and requiring an immediate action, the Council may, by resolution and upon the recommendation of the County Executive, make emergency appropriations from contingent reserve. Withdrawals may be used only for appropriations which have become unfunded. The balance in the stabilization fund is disclosed in the table below. The Revenue Reserve – Rainy Day fund is classified within the General Fund as committed. Detail of the fund balances by type and fund are noted in the table on the following page.

(16) Encumbrances

Certain governmental funds use encumbrance accounting for budgetary purposes. Encumbrances represent claims against appropriations for purchase order and executed contracts that have not been expended. All outstanding encumbrances were closed in all funds with the exception of Capital Projects as of the end of fiscal year 2024.

(17) Tax Abatements

A tax abatement as defined by GASB 77 is a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity through which the government promises to forgo tax revenues to which they are otherwise entitled, and the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefit the government or its citizens. As of June 30, 2024, the County provides tax abatements through the following programs:

The Enterprise Zone program provides real property tax credits for businesses located in a Maryland enterprise zone in return for job creation and investments. State and local incentives and assistance are offered to encourage the expansion of existing businesses and the attraction of new business activity and jobs in economically distressed areas. See MD Annotated Code –Section 9-103.

Enterprise Zone Tax Abatement Program Amount of Taxes Abated: Real Property \$1,646,205 and Personal Property \$0 Payment in Lieu of Taxes (PILOT) program. State law provides, among other things, that real property may be exempt from county property tax under certain conditions: (1) the property is located in a designated focus area; (2) the owner of the real property agrees to maintain the real property as rental housing for lower income persons; (3) the project is an economic development project; (4) the property is an electricity generation facility; and (5) the owner enters into an agreement with the governing body of the county to pay a negotiated amount in lieu of the applicable county property tax. See MD Annotated Code –Section 7-211.3; 7-505; 7-506.1; 7-514; 7-516.

Payment in Lieu of Taxes Tax Abatement Program Amount of Taxes Abated: \$6,684,097.

Admissions and Amusement Tax-This tax is collected by the State of Maryland and paid to the County quarterly. In 2009, the County passed CR-87-2009 which gave certain incentives for events in Prince George's County in the form of a reduction in the amount of the County admissions and amusement tax levy on the events subject to certain conditions.

This was offered as an incentive for events to be held at FedEx field. An admissions and amusement tax waiver in the amount of 50% to 80% of the admission and amusement tax may be exercised upon the gross receipts derived from the amount charged for admission on the event.

Admissions and Amusement Tax Abatement Program Amount of Taxes Abated: \$0. The County has other various tax credit incentives that are not defined as tax abatements under generally accepted accounting principles and therefore are not described and included here.

Prince George's County, Maryland
Notes Financial Statements

(18) Joint Ventures

The County participates in the financial activities of certain entities providing services within the County, which are deemed joint venture activities. The joint ventures described in the following paragraphs are not reflected in the accompanying financial statements because the County has no equity interest in the operations of these entities.

(a) Washington Suburban Transit Commission (WSTC)

The WSTC is a State of Maryland bi-county agency, which receives funds from Montgomery and Prince George's Counties, both of which participate in the Washington Metropolitan Area Transit Authority (WMATA), to construct and maintain a cohesive and uniform transportation system. WSTC is composed of seven members; two from each county, two members appointed by the Governor of Maryland, and one ex officio representative from the Maryland Department of Transportation. WSTC acts as a coordinator for transit-related information and provides a forum for the discussion, formulation and transmittal of Federal, state and local funds paid to WMATA on behalf of the Maryland region. The annual operating costs of WSTC are shared equally by Montgomery and Prince George's Counties. The Primary Government's share of these costs for fiscal year 2024 amounted to \$133,026.

(b) The Maryland-National Capital Park and Planning Commission (M-NCPPC)

M-NCPPC is a bi-county agency servicing Montgomery and Prince George's Counties' regional system of parks. It also conducts the recreation program for Prince George's County. The Commission consists of ten members - five from each County. The County can modify its share of the budget and also approves applicable fees and sets the recreational tax rate.

The County must also approve any debt issuances and is obligated to honor any bonded debt deficiencies (which to date have not occurred). At June 30, 2024, the Primary Government was contingently liable as guarantor on bonds issued by M-NCPPC in the amount of \$109,966,805.

(c) Washington Metropolitan Area Transit Authority (WMATA)

On January 9, 1970, the County entered into an agreement with other local jurisdictions for construction of the Washington Metropolitan Area Rapid Transit System. Since then, the County has entered into several additional agreements providing for financing of both construction and operations. The County's obligation for funding the construction of the rail transit facilities is borne by the State of Maryland. WMATA is governed by a board of six directors and six alternates, who are appointed on a pro rata basis by the Northern Virginia Transportation Commission, the City Council of the Government of the District of Columbia, and the WSTC (mentioned above).

In 2016, the State contributed \$4.9 million toward the payment of principal and interest on WMATA revenue bonds. This was provided pursuant to amended Chapter 530, Acts of Maryland General Assembly 1980, which provides for State payment of 100% of the debt service bond repayment costs.

Prince George's County, Maryland
Notes Financial Statements

(d) Washington Suburban Sanitary Commission (WSSC)

The WSSC is a bi-county political subdivision of the State of Maryland created to provide water supply and sewage disposal facilities for Montgomery and Prince George's Counties. WSSC's governing body is composed of six members, three from each county; the budgeting authority and financing responsibility is shared equally by the participating counties.

(e) Availability of Financial Statements

(19) Jointly Governed Organization

The Metropolitan Washington Council of Governments (COG) provides resources to participating local governments within the Washington, D.C. metropolitan area for a regional approach to local urban problems, emphasizing regional planning, community and economic development and conservation. Under COG's bylaws, contributions of participating local governments are calculated on a per capita basis. The twenty-four board members are elected by the local jurisdiction which they represent; two members are appointed by the Primary Government. The Primary Government's fiscal year 2024 contributions to COG amounted to approximately \$793,768.

Prince George's County, Maryland
Notes Financial Statements

(20) Summary Disclosure of Significant Contingencies

(a) Litigation

In addition to those suits in which claims for liability are adequately covered by insurance, the County is involved in numerous lawsuits with a potential liability ranging up to \$1.0 million. In the opinion of legal counsel and management, it is reasonably possible that some of these cases will be settled against the County, resulting in varying degrees of monetary damages.

(b) Contingent Liabilities

(i) Questioned Costs

The County participates in a number of Federally assisted grant programs. These programs are currently under examination in accordance with Uniform Grant Guidance. The final results of this examination for fiscal year 2024 have not yet been determined. The amount of expenditures which may be disallowed by the granting agencies cannot be specifically determined at this time. The County expects any disallowed costs to be immaterial, as has been the case in previous audits.

(ii) Brown Station Road Landfill

The Primary Government owns and operates the Brown Station Road Landfill, which is accounted for in the Solid Waste Enterprise Fund. Phase I of the landfill was closed in September 1993 after 25 years of operation. Phase II of the landfill began operations on May 13, 1992, and approximately 99.1% of total estimated capacity has been utilized as of June 30, 2024. Additionally, Area C added additional capacity which is not yet online. It is expected to operate beyond 2025.

To close both Phase I and Phase II of the landfill, State and Federal laws and regulations require the County to place a final cover on both landfill phases. (The closure and post-closure plan for both phases is pending final State approval.) These laws also require the County to perform certain maintenance and monitoring functions at the landfill site. In accordance with statutory requirements, the Primary Government estimates closure costs only for Phase I, of approximately \$15.08 million (\$14.2 of which has been liquidated), and closure and 30-year post-closure costs for Phase II of \$101.8 million. Estimated costs are "as if incurred" in fiscal year 2024 and may change due to inflation, technological enhancements, and revisions to State and Federal requirements - as well as any additional measures that may be undertaken to safeguard the quality of life for residents.

These estimates are updated annually. At June 30, 2024, the Primary Government has recorded an accumulated total liability for closure and post-closure costs of \$70.3 million for Phases I and II based on the percentage of capacity of Phases I and II utilized to date multiplied by the total capacity of Phases I and II. As of June 30, 2024, the Primary Government's Solid Waste Enterprise Fund shows restricted assets of \$126,710,771 for landfill closure costs for Brown Station Road Landfill as well as Sandy Hill Landfill.

Prince George's County, Maryland
Notes Financial Statements

(iii) Sandy Hill Landfill

On July 1, 1992, the Primary Government entered into a three-part agreement with The Maryland-National Capital Park and Planning Commission (M-NCPPC), a joint venture, to operate the Sandy Hill Landfill. The daily operations and responsibility to develop and to maintain the "Existing Landfill" through closure and one year of post-closure of this refuse disposal facility had been contracted to Waste Management, Inc., for the period May 1977 to March 2007. Since 2007, post-closure activities have been the responsibility of the County.

As part of the 1992 Agreement, the County received \$1,890,485 from M-NCPPC when responsibility for the landfill was assigned to the County. The funds are held in a Trust Fund for post-closure construction phase and maintenance of the Landfill and its environmental control facilities including monitoring.

In May 1997, the County was granted a permit by the Maryland Department of the Environment (MDE) to vertically expand the operation. The Landfill stopped accepting waste in June 2000 and was certified closed by the State effective August 6, 2012.

As with the Brown Station Road Landfill, State and Federal laws and regulations require a final landfill cover and 30 years of post-closure activities. The Primary Government has recorded an estimated liability for 30 years of post-closure costs of \$27.2 million because this landfill is substantially full.

Estimated costs for post-closure activities, are "as if incurred," and will be updated annually for changes in technology, applicable regulations and inflation.

⁽¹⁾ GASB73 implemented in Fiscal Year 2017. Ultimately 10 years will be displayed.

⁽²⁾ For fiscal year ending June 30, 2024, the change in the Total Pension Liability due to benefit changes includes removing the liabilities attributable to the \$15,000 death benefit. The \$15,000 LOSAP death benefit is being accounted for in the County's General Fund expenses and, therefore, is no longer being accounted for in the GASB Statement No. 73 liabilities.

The change in Total Pension Liability due to the change in the Single Discount rate from 3.56 percent as of the beginning of the year to 3.62 percent as of the end of the year is included as an assumption change. There are no assets accumulated in a trust that meet the criteria in Paragraph 4 of Statement 73 to pay related benefits.

INDIVIDUAL FUND STATEMENTS AND SCHEDULES

This sub-section contains the Combining and Individual Fund Statements for the General Fund, Nonmajor Governmental Funds, Internal Service Funds, Fiduciary Funds, and Nonmajor Component Units. Also included are Supplementary Schedules.

GENERAL FUND

The General Fund is used to account for resources traditionally associated with government which are not legally or by sound financial management required to be accounted for in another fund.

NONMAJOR GOVERNMENTAL FUNDS

Special Revenue Funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes.

Domestic Violence Fund - to account for the receipt of revenue from marriage license fees to finance the costs of shelters for homeless spouses who are the object of domestic violence.

Drug Enforcement and Education Fund - to account for the proceeds from the forfeiture or sale of property seized as a result of the enforcement of drug laws, which will finance costs associated with the County's drug enforcement and education activities.

The *Debt Service Fund* accounts for the payment of general long-term debt of the County (not serviced by Enterprise Funds), including state participation loans and service charges.

INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the Primary Government and to other government units, on a cost-reimbursement basis.

Self-Insurance Funds - to provide insurance protection to the Primary Government and the participating Component Unit Entities - Board of Education, Library, and Community College. The Life and Health Benefits Fund provides coverage for the Primary Government and Library employees. The Unemployment Compensation Fund covers required payments to the State of Maryland Unemployment Compensation Fund.

Vehicle Maintenance Fund - to account for the activities which provide the maintenance and repair services for County-owned vehicles.

Computer Services Fund - to provide for computer and office automation services to County departments and agencies.

FIDUCIARY FUNDS

Trust Funds are used to account for assets held by the Primary Government in a trustee capacity. Custodial Funds are used to account for assets held by the Primary Government as an agent for individuals, private organizations, other governments, and/or other funds.

Pension Trusts - are fiduciary funds out of which retirement annuities and/or other benefits are paid to authorized and designated public employees.

Other Post Employment Benefit Trust - is used to account for retiree life and health benefits.

Custodial Funds - are legal and accounting methods used by government for the administration of assets that come into its possession and are custodial in nature.

STATISTICAL SECTION (UNAUDITED)

The Statistical Section provides detailed information for the primary government, as a context for understanding what the information in the annual comprehensive financial report says about the overall financial health of the County in the following areas:

Financial Trends - Information to help the reader understand how the County's financial performance and well-being have changed over time.

Revenue Capacity - Information to help the reader assess the County's most significant local revenue source, the property tax.

Debt Capacity - Information to help the reader assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.

Demographic and Economic Information - Demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.

Operating Information - Service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.

Notes:

(1) The County's governmental activities has an unrestricted deficit because the County issues debt to fund construction costs for two of its component units. Prior to 2008, absent the effect of this relationship, the County would have reported positive assets for its governmental activities and for government-wide purposes. Government-wide unrestricted net position would have been:

Unrestricted (deficit) net position noted above	(2,427,756,933)	(2,455,269,806)	(2,945,915,430)	(3,711,910,671)	(3,912,407,717)	(4,070,932,619)	(4,534,303,303)	(4,136,600,521)	(4,565,440,460)	(5,048,692,986)
Debt issued for capital on behalf of others	483,674,784	503,035,085	454,176,281	641,070,012	643,320,938	658,329,713	686,442,298	301,094,950	709,929,783	824,922,100
County net position absent effect of this relationship	<u>\$ (1,944,082,149)</u>	<u>\$ (1,952,234,721)</u>	<u>\$ (2,491,739,149)</u>	<u>\$ (3,070,840,659)</u>	<u>\$ (3,269,086,779)</u>	<u>\$ (3,412,602,906)</u>	<u>\$ (3,847,861,005)</u>	<u>\$ (3,835,505,571)</u>	<u>\$ (3,855,510,677)</u>	<u>\$ (4,223,770,886)</u>

Notes:

(1) The County was required to maintain a contingency reserve equal to 3% of General Fund estimated revenues beginning in the fiscal year 1998. The reserve is intended to help stabilize County budgets against future economic fluctuations and unforeseen emergencies.

(2) In November 2002, County voters approved a charter amendment to increase the contingency reserve requirement from 3% to 5% of General Fund estimated revenues.

(3) Beginning in fiscal year 2011 the County implemented GASB Statement No. 54 which revised the fund balance categories for Governmental Funds.

The County revised its functional categories for expenditures in fiscal year 2014. Fiscal year 2013 expenditures are restated. The following represents changes to expenditures categories from 2005-2012. (1)General Government- no longer includes States Attorney, Soil Conservation, Department of Family Services, and Department of Housing and Community Development. (2) Public safety added State's Attorney and dropped Department of the Environment. (3) Environment added Department of the Environment and Soil Conservation. (4) Health and Human Services merged (Health and Public Welfare (Department of Social Services) categories with the Department of Family Services. (5) Infrastructure added the new Department of Permitting, Inspections, and Enforcement and Department of Housing and Community Development to the existing Public Works(Department of Public Works and Transportation) Category.

Notes:

(1) Real property figures are based on a "triennial assessment" process. Under this method, only one-third of the properties in the County are reassessed each year. Any increase in value is phased in over a three-year period in equal increments. Therefore, assessed values only reflect the phased-in amounts, while the estimated actual values indicate the full amount of the reassessment based on the latest physical inspection.

(2) Assessed value and estimated actual values are equal.

(3) Prior to fiscal year 2002, real property had been assessed at 40% of phased-in market value. Effective fiscal 2002, the real property is assessed at 100% of the phased-in market value. Personal Property had already been assessed at 100% of market value. The County tax rate is a weighted average of the unincorporated area and incorporated area rates.

Notes:

(1) In dollars per \$100.00 of assessed value.

(2) Partial year real property improvements billed at pro rata tax rates.

(3) At the November 1978 General Election, the voters of the County adopted an amendment to the Charter limiting future collection of real property taxes to the amount collected in fiscal year 1979. The amendment, which became effective in December 1978, added Section 817B to the Charter. It is generally referred to as "TRIM" (TRIM is an acronym for Tax Reform Initiative by Marylanders).

(4) There is no County taxing authority assigned to debt payments for pre-TRIM bonds beginning in fiscal year 2004, because the debt was retired.

Notes:

- (1) Tax rates are per \$100 of assessed value.
- (2) The County does not collect personal property taxes for the Cities or Towns.
- (3) Taxes collected by the County for other fiscal units, including overlapping governments, are remitted based on actual collections.
- (4) During fiscal years 2000 through 2004, the Town of Upper Marlboro did not collect town taxes.

2022	1,176,039,174	1,169,406,182	99.44	4,137,477	1,173,543,659	99.79
2023	1,236,107,051	1,226,748,965	99.24	3,608,777	1,230,357,742	99.53
2024	1,307,256,231	1,294,643,861	99.04	-	1,294,643,861	99.04

Notes:

- (1) Total collections include collections for adjustments in "total tax levy" in years subsequent to initial tax levy.
- (2) Included is data for all property taxes billed applicable to all funds for Prince George's County, Maryland to include General, Debt Service, and Enterprise Funds. Property taxes billed for the State of Maryland, various municipalities, Washington Suburban Sanitary, Maryland National Capital Park and Planning, and the Washington Suburban Transit Commission are excluded.
- (3) Taxes are assessed July 1 and semi-annual payments are due September 30 and December 31.
- (4) No discounts are allowed.
- (5) Interest and penalty at 20% per annum is charged after September 30, except tax bills based upon certifications received after September 30 may be paid within thirty days without interest.
- (6) Taxes on real property are collected by sale or legal action or both. Taxes on personal property are enforced by legal action.
- (7) Tax sale date is the second Monday in May.
- (8) There is no County taxing authority assigned to debt payments for pre-TRIM bonds beginning in fiscal year 2004 because the debt was retired.

Total direct and overlapping debt	<u>\$ 4,103,127,995</u>	<u>2,363,814,364</u>	<u>1,739,313,631</u>

Notes:

- (1) The debt service payments on bonds issued by the County for stormwater management facilities are supported by a special ad valorem tax and, accordingly, such bonds are considered self-supporting.
- (2) County solid waste bonds are repaid from user charges.
- (3) Debt service payments on a portion of the school construction bonds are supported by the school facilities surcharge on new residential construction. This portion is considered self-supporting.
- (4) Debt service payments on the bonds issued for School Renovation Projects are supported by the Telecommunication Tax, levied on telecommunication service in the county.
- (5) These bonds are a liability of the Washington Suburban Transit Commission. The Washington Suburban Transit Commission reimburses the debt service payments on bonds issued by the County for mass transit projects and, accordingly, such bonds are considered self-supporting.
- (6) At June 30, 2012, the County was contingently liable as guarantor on these bonds issued by the Maryland-National Capital Park and Planning Commission.
- (7) The debt issued by the towns and cities within the County is supported by the revenue sources of the respective towns and cities.
- (8) Amounts do not include related premiums, discounts, and adjustments.

Total net debt applicable to the limit as a percentage of debt limit	18.84%	18.37%	15.76%	22.83%	23.57%	23.07%	22.58%	23.48%	23.03%	20.97%

Notes:

1) Prior to fiscal year 2002, real property had been assessed at 40% of the phased-in market value, and personal property at 100% of market value. The debt limit was 15% of the total assessed value. Effective fiscal 2002, the real property is assessed at 100% of the phased-in market value. Therefore, effective in fiscal year 2002, the debt limit is a total of 6% of the real property assessable base and 15% of the personal property assessable base.

(1) The Primary Government's debt is comprised of revenue bonds of the Solid Waste Enterprise Fund. The Component Units include revenue bonds of the Industrial Development Authority of Prince George's County. The first bond issues of these entities were on December 1, 1990 and September 1, 1987, respectively. The Solid Waste Enterprise bonds were paid in full in December 2015.

(2) Total revenues includes operating and non-operating revenues and transfers, except gains on disposal of property, intrafund transfers, and grants.

(3) Operating expenses include all expenses and transfers, except interest and debt issuance costs, depreciation and amortization, landfill post-closure expense, loss on disposal of equipment and intrafund transfers.

(4) This amount reflects the amount due in the fiscal year (net of accrual) plus bond refunding costs, less interest income.

Notes:

- (1) Included in this schedule are revenue bonds of the Primary Government's Solid Waste Fund, whose first bond issue was on December 1, 1990.
- (2) Gross revenues includes operating and nonoperating revenues, excluding interest income on the Debt Service Reserve Account.
- (3) Operating expenses include all expenses and transfers except depreciation and amortization, project charges from other County funds, landfill post-closure expense, overhead allocation, and intrafund transfers.
- (4) Cash balances available for debt service includes net revenues available for debt service during the year and beginning balances for: amount due from other funds, unrestricted cash and investments, restricted cash and investments for the Operation & Maintenance Reserve, the Debt Service Reserve, and the Closing Cost Reserve.
- (5) This amount reflects the amount due in the fiscal year (net of accrual) plus bond refunding costs, less interest income.
- (6) Gross coverage ratio equals gross revenues divided by net debt service on bonds.
- (7) Net coverage ratio equals net revenues available for debt service divided by net debt service on bonds.
- (8) Net alternative coverage ratio equals cash balances available for debt service divided by net debt service on bonds.

¹ Prior to fiscal year 2015 the department name was the Department of Environmental Resources.² New agencies created in fiscal year 2013 and assumed some of the duties previously assigned to the Department of Environmental Resources.³ Fiscal year 2016, the Human Relations Commission was renamed Office of Community Relations.⁴ The County revised its functional categories in fiscal year 2014. Fiscal years 2008 through 2016 subtotals are restated to reflect the revised categories. The following represents changes to expenditures categories from 2005-2012. General Government no longer includes States Attorney, Soil Conservation, Department of Family Services, and Department of Housing and Community Development. Public safety added State's Attorney and dropped Department of the Environment. Environment added Department of the Environment and Soil Conservation. Health and Human Services (Health and Public Welfare - Department of Social Services) merged categories with the Department of Family Services. Infrastructure added the new Department of Permitting, Inspections, and Enforcement and Department of Housing and Community⁵ New Agency created in 2023.
